Lexia® Core5® Reading - Lexia Skill Builders® Pre-K-5 Lexia Learning LLC,2020-07-11 Lexia Lessons are scripted explicit lesson plans to guide teachers in providing face to face targeted intervention to individual students small groups or the whole class *Lexia® Core5® Reading - Lexia Lessons® Pre-K-5* Lexia Learning LLC,2020-07-11 **Students Using Lexia® Core5® Reading Show Greater Reading Gains Than Matched Comparison Students** John F. Pane,2023 This report evaluates the effects of Lexia Core5 Reading Core5 a product of Lexia Learning Systems on the reading achievement of students in grades 3 5 during the 2021 2022 academic year Core5 is a program that focuses on various student literacy skills such as fluency vocabulary and comprehension This report represents the first study in a broader effort to develop independent and rigorous research evidence about the effects of Core5 on student achievement The authors compared the performance of students in a school district that used Core5 with similar students in similar schools across the United States that did not use Core5 The analyses estimated that students who used Core5 experienced larger reading achievement gains on average than their counterparts in the matched comparison group Differences in outcomes measured in this study are likely to have been caused by Core5 use but the methods used cannot unambiguously rule out selection bias to establish that causality Moreover study results might not generalize to all grades in which Core5 is offered or to all U S schools

Managing the New Tools in K-12 Teaching and Learning Jerome A. Schulz,2018-02-02 Managing the New Tools in K 12 Teaching and Learning How Technology Can Enable School Improvement is about how to manage technology for learning at the district and school levels It provides an overview of the components of learning technology these include student devices networking software productivity toolkits electronic curricula and resources and data system infrastructure And it discusses how we can manage our technology efforts more effectively to help our students attain the benefits of this technology The book concludes with case studies of how this is being done at pioneering districts We are now at a tipping point in implementing learning technology on a larger scale This is happening very quickly Historically learning technology was driven by a strategy of technology integration where we called on individual teachers to each determine how to use technology in their classes and make changes in their own ways of working But to successfully implement technology on the scale we need requires top down as well as bottom up efforts Managing the New Tools in K 12 Teaching and Learning focuses on how districts and schools can now use technology to bring about the big improvements in learning we are all striving for *The Cognitive Foundations of Reading and Its Acquisition* Wesley A. Hoover,William E. Tunmer,2020-06-09 This book serves as a succinct resource on the cognitive requirements of reading It provides a coherent overall view of reading and learning to read and does so in a relatively sparse fashion that supports retention The initial sections of the book describe the cognitive structure of reading and the cognitive foundation upon which that structure is built This is followed by discussions of how an understanding of these cognitive requirements can be used in practice with standards assessments

curriculum and instruction to advance the teaching of reading and the delivery of interventions for students who encounter difficulties along the way The book focuses on reading in English as its exemplar but shows how its framework can be adapted to understand the broad cognitive requirements for reading and learning to read in any phonologically based orthography It provides a way for reading professionals to think about reading and its development and gives them mechanisms that coupled with such understanding will help them link what children must know to become strong readers to what teaching can best provide through the competent use of available tools In this way the book will help reading professionals be both efficient and effective in what they provide all their students and be much better equipped to support those students who struggle to learn to read

Teaching with Literacy Programs Patricia A. Edwards, Kristen L. White, Ann M. Castle, Laura J. Hopkins, 2023-09-21 Winner of the AACTE 2025 Gloria J Ladson Billings Outstanding Book Award A step by step guide to developing equitable literacy instruction by adapting curriculum to support diverse learners In Teaching with Literacy Programs Patricia A Edwards Kristen L White Laura J Hopkins and Ann M Castle present a model that allows educators to address educational inequity through the critical and adaptive use of existing literacy curriculum materials In this accessible work they advise educators on ways to combine common classroom materials such as basal readers and core reading programs with instructional practices that provide high quality responsive instruction to all students Edwards White Hopkins and Castle credit literacy instruction as a core part of overall educational equity and they recognize the crucial role that educators play in translating materials into instruction that benefits all learners Here they offer teacher education in support of this essential role deftly guiding educators through a four part development process CARE an acronym for cultivating critical consciousness analyzing materials reconstructing curricula and evaluating instruction reflectively to advance equity Built upon culturally relevant sustaining and antiracist pedagogy CARE enables teachers to provide literacy instruction that meets the range of needs and performance levels in classrooms supporting students in attaining academic achievement cultural competence and critical consciousness The approach outlined in this work which can be put into immediate practice helps educators to provide literacy instruction that builds on students multiple literacies and reduces educational inequity
