McClave,Terry Sincich,2003 Democracy everyone claims to understand what it stands for And yet through the eyes of an immigrant there appears to be a lack of understanding among Americans that is ground for major concern As an outsider living on the inside it is obvious that many Americans don t understand the impact they personally have on the long term future of this nation Every vote and action has several areas of impact Physically mentally emotionally as well as on a spiritual level each and every one of us create nationwide patterns influencing the path this country will follow Help there is a Communist running for President is for anyone wondering where this country is going and how they can influence the outcome      **Urban Transportation Abstracts** ,1985      **The Fast-track Course on how to Write a Nonfiction Book Proposal** Stephen Blake Mettee,2002 The hard cold fact about getting a book published is that without something close to divine intervention an author is going to have to write a sales piece called a book proposal that will attract the attention of an editor or an agent In fact at most publishers this sales piece is going to have to hold up under the scrutiny of a committee made up of a bevy of editors and a pod of sales and marketing people With The Fast Track Course on How to Write a Nonfiction Book Proposal Mettee a seasoned book editor and publisher cuts to the chase and provides simple detailed instruction that allows anyone to write a professional book proposal and hear an editor say Yes According to Mettee the first rule is Do no harm Too many authors don t pay enough attention to the small things like spelling and grammar and manuscript format that are needed to make their book proposals appear professional They may have a great idea for a book and be eminently qualified to write it but they schmuck it up with slovenly disregard for the easy stuff The last rule is Be persistent If you quit after your first rejection slip or after the thirteenth or the thirtieth you ll never

get published Many books that are rejected scores of times go on to be best sellers You re not defeated until you give up
