Privates' Manual James Alfred Moss,1916 Operator's Manual ,1989 **Manual of Heavy Artillery Service** John Caldwell Tidball,1881 *AR-10 Rifle Owner's Manual* Erik Lawrence,2015-03-27 This manual provides the basic operator the specifics of handling an AR 10 type rifle safely Basics on care and maintenance for each AR 10 type rifle you own Overall safety considerations disassembly cleaning reassembly and common warnings A great beginner s manual for individuals getting their first AR 10 type rifle **Manual of Heavy Artillery Service. Prepared for the Use of the Army and Militia of the United States** John C. Tidball,2025-07-23 Reprint of the original first published in 1881 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **FIREARMS INSTRUCTOR'S MANUAL** R.E. Parham,1999-01-01 This manual has been written with the Law Enforcement Firearms Instructor in mind It is an attempt to save the instructor time by furnishing already prepared outlines that cover most of the subject currently taught by and to law enforcement personnel The purpose of the manual is twofold First it can be used by current firearms instructors as a handy reference guide and also as a way of keeping all of the firearms outlines in one simple format By preparing the manual in this fashion all of an instructor s outlines are easily accessible should an instructor s class be challenged by the legal system Secondly this manual can be used as the text for firearms instructor initial certification classes Once the new instructor completes the basic certification course he or she will have a complete set of outlines that can be used for teaching their

classes The first four outlines in this manual The Role of the Firearms Instructor Safety Responsibilities Record Keeping and Discipline are generally used during instructor development classes The rest of the outlines while also used in instructor development classes are also appropriate for basic recruit classes as well as classes that are designed for in service personnel The Appendix contains material that can be used as class handouts or made into overheads for class presentations Some of the courses can be used for general firearms qualification while others are used for training a specific skill such as linear and lateral movement or multiple attackers The manual has been written to take the pain out of the office work part of being a firearms instructor and to give the instructor more time to teach The Modern Day Gunslinger Don

Mann,2010-08-01 A result of twelve years of research The Gunfighter s Bible was written to meet the needs of the gun owner the experienced shooter those who own a weapon strictly for home and self defense and for the military member who wants to become a better shooter in defense of our country It s also for the law enforcement officer who risks his or her life going against the thugs of our society and for anyone interested in learning the defensive and tactical training techniques from some of the best and most experienced shooters in the world The shooting skills taught in this book carry broad application in civilian law enforcement and military contexts Common criminals terrorists assailants the enemy and threat all will find themselves outgunned in the face of a properly armed and trained gunslinger Members of the armed services government and law enforcement agencies as well as civilians will find that the close range shooting methods addressed in this book can provide a decisive advantage An all encompassing manual that addresses safety equipment tactics and the best practices for all shooters The Gunfighter s Bible is the most all encompassing book on shooting ever published It s a book that in the words of senior special agent and U S government senior weapons and tactics instructor Dick Conger will save lives
