High-speed Circuit Board Signal Integrity Stephen C. Thierauf, 2004 As circuit boards are increasingly required to transmit signals at higher and higher speeds signal and power integrity become increasingly crucial Rules of thumb that you have used over and over again to prevent signal loss no longer apply to these new high speed high density circuit designs This leading edge circuit design resource offers you the knowledge needed to quickly pinpoint transmission problems that can compromise your entire circuit design Discussing both design and debug issues at gigabit per second data rates the book serves as a practical reference for your projects involving high speed serial signaling on printed wiring boards **National Union Catalog, 1981**, 1982 **Polypropylene** Clive Maier, Theresa Calafut, 1998-04-15 Polypropylene The Definitive User's Guide and Databook presents in a single volume a panoramic and up to the minute user's guide for today's most important thermoplastic The book examines every aspect science technology engineering properties design processing applications of the continuing development and use of polypropylene The unique treatment means that specialists can not only find what they want but for the first time can relate to and understand the needs and requirements of others in the product development chain The entire work is underpinned by very extensive collections of property data that allow the reader to put the information to real industrial and commercial use Despite the preeminence and unrivaled versatility of polypropylene as a

thermoplastic material to manufacture relatively few books have been devoted to its study Polypropylene The Definitive User's Guide and Databook not only fills the gap but breaks new ground in doing so Polypropylene is the most popular thermoplastic in use today and still one of the fastest growing Polypropylene The Definitive User's Guide and Databook is the complete workbook and reference resource for all those who work with the material Its comprehensive scope uniquely caters to polymer scientists plastics engineers processing technologists product designers machinery and mold makers product managers end users researchers and students alike
