From Empires to NGOs in the West African Sahel Gregory Mann, 2014-12-29 This book looks beyond the familiar history of former empires and new nation states to consider newly transnational communities of solidarity and aid social science and activism Shortly after independence from France in 1960 the people living along the Sahel a long thin stretch of land bordering the Sahara became the subjects of human rights campaigns and humanitarian interventions Just when its states were strongest and most ambitious the postcolonial West African Sahel became fertile terrain for the production of novel forms of governmental rationality realized through NGOs The roots of this nongovernmentality lay partly in Europe and North America but it flowered paradoxically in the Sahel This book is unique in that it questions not only how West African states exercised their new sovereignty but also how and why NGOs ranging from

Debt Relief for the Poorest Countries Yiagadeesen Samy, 2018-02-06 The debt problems of poor countries are receiving unprecedented attention Both federal and non governmental organizations alike have been campaigning for debt forgiveness for poor countries The governments of creditor nations responded to that challenge at a meeting sponsored by the G 7 International Monetary Fund and World Bank all of which upgraded debt relief as a policy priority Their initiatives provided for generous interpretations of these nations abilities to sustain debt gave them opportunities to qualify for debt relief more rapidly and linked debt relief to broader policies of poverty reduction Despite this the crisis has only deepened in the first years of the new millennium This brilliant group of contributions assesses why this has occurred In plain language it considers why debt

relief has been so long in coming for poor countries It evaluates the cost of a persistent overhang in debt for those countries It also examines head on whether enhanced debt relief initiatives offer a permanent exit from over indebtedness or are merely a short term respite Above all this volume for the first time addresses the issues on the ground that is the views and opinions about debt relief on the part of leaders in advanced nations and the probability of further support for the most impoverished lands In this approach the editors and contributors have made an explicit and successful attempt to be inclusive and relevant at all stages of the analysis This volume covers the full range of the poorest countries with contributions by John Serieux Lykke Anderson and Osvaldo Nina Befekadu Degefe Ligia Maria Castro Monge and Peter B Mijumbi Collectively they offer a sobering scenario unless measures are put in place now in anticipation of further crises the future of the very poorest nations will remain bleak and troublesome Critical Readings on Global Slavery Damian Alan Pargas, Felicia Roşu, 2017-12-05 The study of slavery has grown strongly in recent years as scholars working in several disciplines have cultivated broader perspectives on enslavement in a wide variety of contexts and settings Critical Readings on Global Slavery offers students and researchers a rich collection of previously published works by some of the most preeminent scholars in the field With contributions covering various regions and time periods this anthology encourages readers to view slave systems across time and space as both ubiquitous and interconnected and introduces those who are interested in the study of human bondage to some of the most important and widely cited works in slavery studies

Histoire des Soninkés dans le Fouta Toro Cheikhna Wagué, 2023-03-23 Cet ouvrage constitue la première histoire des Soninkés du Fouta Toro qui vient combler un vide historiographique sur les Soninkés de la vallée du fleuve Sénégal région connue pour le melting pot de sa population Cette étude est une contribution importante la compréhension de l'histoire des Soninkés et de leurs spécificités sociolinguistiques dans cette région partagée entre la Mauritanie et le Sénégal L'étude part du constat que les populations soninkés actuelles installées en plusieurs endroits du Fouta Toro partir de la fin du XVIII^e siècle ont su s'intégrer dans la région sans perdre leur identité culturelle contrairement aux migrations soninkés précédentes En effet durant tout leur processus d'installation elles ont tout mis en œuvre pour contourner les éléments qui pourraient long terme avoir raison de leurs spécificités socioculturelles L'originalité de cette étude sur les minorités soninkés du Fouta Toro est qu'elle ne se borne pas au phénomène actuel mais l'aborde sur le temps long historique partir de la fin du XVIII^e siècle montrant ainsi que l'identité soninké n'est pas monolithique mais plurielle et surtout qu'elle est dynamique sur la longue durée interactionnelle avec les voisins et les pouvoirs Almamiyat administration coloniale tats indépendants In fine cet ouvrage montre que même si les Soninkés du Fouta Toro vivent avec des majorités différentes au sein desquelles ils demeurent minoritaires au niveau régional et national ils n'en restent pas moins attachés à leurs particularités sociolinguistiques en particulier travers l'usage de leur langue et de leur culture contrairement aux migrations soninkés antérieures la prénommée dans cet espace sénégalais **On Trans-Saharan Trails** Ghislaine Lydon, 2009-03-02 This study examines the history
