Honorable suicide is the highest calling she could hope to attain. When she is chosen to lead an attack on the neighboring planet of Veroh, her death is expected. Instead, she is taken prisoner during the battle and is held by the enemy. Firebreak Kathy Tyers, 2026-03-10 What would you sacrifice to save your family and your home world? Lady Firebird Caldwell returns to the world of her birth, Netaia, intending to introduce her young sons to the noble Electors while her husband, Brennen, conducts a military inspection. When mysterious ships in distress suddenly approach the planet, the Electorate sends her to initiate first contact. Forced to work alongside a vengeful childhood enemy, Firebird uses everything within her power, even her passion for music, to negotiate. Only to discover their alien technology threatens all the worlds she holds dear. Facing ruthless betrayal, Firebird undertakes a deadly journey to salvage the mission. Brennen must make daring use of his telepathic powers to save human life in the galactic Whorl, including that of their young sons. But saving the worlds might force Brennen to give the order that would mean Firebird's death. In a galaxy poised on the edge of ruin, survival may demand the ultimate sacrifice from them both.

Religion and Science Fiction James H. Thrall, 2024-05-17 Religion and Science Fiction: An Introduction guides students into deeper understanding of how religion and science fiction engage often overlapping questions. This textbook introduces key ideas of religious studies through critical consideration of print and visual media that fall within the general category of science fiction. The goal throughout is to help students move beyond simply identifying points of interrelation between religious studies and forms of what is often called more broadly speculative fiction to considering how the studied texts open new ways of thinking about human and nonhuman experience taken to be religious. With discussion questions, lists of key terms, extensive additional resources, and suggestions for projects and essay questions, this book is a foundational text for students and instructors of religion and science fiction.
