El-Hi Textbooks & Serials in Print, 2005 ,2005 **El-Hi Textbooks and Serials in Print** ,2006 The Software Encyclopedia ,1997 **"Smart Technologies" for Society, State and Economy** Elena G. Popkova, Bruno S. Sergi, 2020-10-15

This proceedings book presents a comprehensive view of smart technologies and perspectives of their application in various areas of economic activity. The authors of the book combined the results of the cutting edge research on the topic of smart technologies in the digital economy and Industry 4.0 and developed a unified scientific concept. The current experience has been considered and the prospects for the application of smart technologies in society to promote social advance have been identified. Smart technologies in public administration and law as well as the experience in development of e government have been examined. Smart technologies in business activity have been studied and the transition from digital business to business 4.0 has been justified. The book contains the collection of the best works following the results of the 13th International Research to Practice Conference Smart Technologies for society state and economy which was run by the Institute of Scientific Communications ISC and was held on July 2-3 2020. The target audience of this book includes researchers investigating fundamental and applied problems of development of smart technologies as well as concerned parties outside the academic community in particular representatives of the digital society high tech business entities and officials regulating the digital economy and Industry 4.0.
