James Henslin Sociology 11th Edition:

The Sacred Project of American Sociology Christian Smith, 2014-07-03 Counter to popular perceptions contemporary American sociology is and promotes a profoundly sacred project at heart Sociology today is in fact animated by sacred impulses driven by sacred commitments and serves a sacred project Sociology appears on the surface to be a secular scientific enterprise its founding fathers were mostly atheists Its basic operating premises are secular and naturalistic Sociologists today are disproportionately not religious compared to all Americans and often irreligious The Sacred Project of American Sociology shows counter intuitively that the secular enterprise that everyday sociology appears to be pursuing is actually not what is really going on at sociology s deepest level Christian Smith conducts a self reflexive tables turning cultural and institutional sociology of the profession of American sociology itself showing that this allegedly secular discipline ironically expresses Emile Durkheim s inescapable sacred exemplifies its own versions of Marxist false consciousness and generates a spirited reaction against Max Weber s melancholically observed disenchantment of the world American sociology does not escape the analytical net that it casts over the rest of the ordinary world Sociology itself is a part of that very human very social often very sacred and spiritual world And sociology s ironic mis recognition of its own sacred project leads to a variety of arguably self destructive and distorting tendencies This book re asserts a vision for what sociology is most important for in contrast with its current commitments and calls sociologists back to a more honest fair and healthy vision of its purpose

Dictionary of Military Sociology Dr. George Kaffes, 2024-05-28 Although Moskos showed the way to this particular field of Military Sociology Dr George Kaffes sociologist and teacher for over thirty years in the Hellenic Army Academy felt the necessity of a first introductory but academic work in order to offer the Dictionary of Military Sociology terms From the small Greek island of Kastellorizo where he finished this work Dr Kaffes goal is to give the opportunity by gathering all these terms including military sociologists and researchers some significative military leaders a small but significative slang vocabulary and some operational terms to every sociologist whose interest is about military and society to have this very special tool in hands Another goal of Dictionary of Military Sociology is to show some terms of military slang which is a colloquial language used by and associated with members of various military forces About the Author Dr George Kaffes is a Military Sociologist and has taught Military Sociology as a fulltime professor at the Hellenic Army Academy for more than thirty years He focuses his research more on sociology of violence and war sociology of terrorism gender in the militaries and army sociology He is married with one daughter and he speaks more than his mother language which includes Greek French Portuguese English and German His book is destined to all researchers militaries cadets and everyone who is interested in the field of military sociology

Service Sociology and Academic Engagement in Social Problems A. Javier Treviño, Karen M. McCormack, 2016-04-01 This book challenges sociologists and sociology students to think beyond the construction of social problems to tackle a central question What do sociologists do with the analytic tools and academic

skills afforded by their discipline to respond to social problems Service Sociology posits that a central role of sociology is not simply to analyse and interpret social problems but to act in the world in an informed manner to ameliorate suffering and address the structural causes of these problems This volume provides a unique contribution to this approach to sociology exploring the intersection between its role as an academic discipline and its practice in the service of communities and people With both contemporary and historical analyses the book traces the legacy characteristics contours and goals of the sociology of service shedding light on its roots in early American sociology and its deep connections to activism before examining the social context that underlies the call for volunteerism community involvement and non profit organisations as well as the strategies that have promise in remedying contemporary social problems Presenting examples of concrete social problems from around the world including issues of democratic participation poverty and unemployment student involvement in microlending disaster mitigation the organization and leadership of social movements homelessness activism around HIV AIDS and service spring breaks Service Sociology and Academic Engagement in Social Problems explores the utility of public teaching participatory action research and service learning in the classroom as a contribution to the community

Sociology James M. Henslin, 2005 This best selling comprehensive text shares the excitement of sociology with the acclaimed down to earth approach that highlights the sociology of everyday life The Seventh Edition of this highly regarded text retains all the features that have made previous editions so successful The author has a unique ability to engage students without sacrificing content or talking down to them With wit personal reflection and illuminating examples Henslin shares his passion for sociology with his readers like no other author of an introductory text can Alternative Sociologies of Religion James V Spickard, 2018-03-06 Uncovers what the sociology of religion would look like had it emerged in a Confucian Muslim or Native American culture rather than in a Christian one Sociology has long used Western Christianity as a model for all religious life As a result the field has tended to highlight aspects of religion that Christians find important such as religious beliefs and formal organizations while paying less attention to other elements Rather than simply criticizing such limitations James V Spickard imagines what the sociology of religion would look like had it arisen in three non Western societies What aspects of religion would scholars see more clearly if they had been raised in Confucian China What could they learn about religion from Ibn Khaldun the famed 14th century Arab scholar What would they better understand had they been born Navajo whose traditional religion certainly does not revolve around beliefs and organizations Through these thought experiments Spickard shows how non Western ideas understand some aspects of religions even of Western religions better than does standard sociology The volume shows how non Western frameworks can shed new light on several different dimensions of religious life including the question of who maintains religious communities the relationships between religion and ethnicity as sources of social ties and the role of embodied experience in religious rituals These approaches reveal central aspects of contemporary religions that the dominant way of doing sociology fails to notice Each approach also

provides investigators with new theoretical resources to guide them deeper into their subjects The volume makes a compelling case for adopting a global perspective in the social sciences *Reclaiming Class* Vivyan Adair, Sandra Dahlberg, 2003-04-25 *Reclaiming Class* offers essays written by women who changed their lives through the pathway of higher education Collected they offer a powerful testimony of the importance of higher learning as well as a critique of the programs designed to alleviate poverty and educational disparity The contributors explore the ideologies of welfare and American meritocracy that promise hope and autonomy on the one hand while also perpetuating economic obstacles and indebtedness on the other Divided into the three sections *Reclaiming Class* assesses the psychological familial and economic intersections of poverty and the educational process In the first section women who left poverty through higher education recall their negotiating the paths of college life to show how their experiences reveal the hidden paradoxes of education Section two presents first person narratives of students whose lives are shaped by their roles as poor mothers guardian siblings and daughters as well as the ways that race interacts with their poverty Chapters exploring financial aid and welfare policy battery and abuse and the social constructions of the poor woman finish the book Offering a comprehensive picture of how poor women access all levels of private and public institutions to achieve against great odds *Reclaiming Class* shows the workings of higher learning from the vantage point of those most subject to the vicissitudes of policy and reform agendas

Faking It William Ian Miller, 2003-08-18 This book is about the intrusive fear that we may not be what we appear to be or worse that we may be only what we appear to be and nothing more It is concerned with the worry of being exposed as frauds in our professional lives as less than virtuously motivated actors when we are being agreeable charitable or decent Why do we so often mistrust the motives of our own deeds thinking them fake though the beneficiary of them gives us full credit Much of this book deals with that self tormenting self consciousness It is about roles and identity discussing our engagement in the roles we play our doubts about our identities amidst this flux of roles and thus about anxieties of authenticity *Essentials of Sociology*) James M. bahwa interaksi adalah hubungan antar individu Mereka tidak melihat atau tidak merasa perlu melihat bagaimana interaksi berkaitan dengan pelapisan sosial dengan gejala bahasa dengan relasi kekuasaan Maka tidak heran jika mereka memahami konsep sepotong sepotong tanpa melihat keterkaitan antar konsep Menjawab kedua tantangan tersebut maka saya memilih untuk menjadikan buku ini bukan sebagai buku pegangan melainkan pintu masuk untuk masuk ke dalam belantara konsep dan teori dalam sosiologi Keputusan saya untuk menjelaskan berbagai konsep dan teori dalam satu payung besar yang kemudian ditarik ke dalam pecahan dan kerangka yang lebih kecil adalah cara saya untuk menjelaskan bagaimana keterkaitan antara satu konsep dengan konsep lainnya

White Men on Race Joe R. Feagin, Eileen O'Brien, 2004-07-15 Based on the revealing and provocative testimony of approximately one hundred powerful upper income white men *White Men on Race* shows how white men see racial others how they see white America how they view racial conflicts and what they expect for the future of the country

The Fabric of Your Life A. L. Sinikka Dixon, Ph.D., 2013-10-07 Today we live in an information society constantly bombarded by new scientific discoveries in every field What we thought to be common sense is changing and we tend to look to the multiple professional organizations for guidelines This book focuses on our every day relationships within the five life cycles of age family education work and leisure It puts you the reader in the center of your life Each chapter gives you a backdrop to become your own case study with thought questions to create awareness of the impact your life has on others and how in turn their lives inspire and constrain you Separate chapters are dedicated to the impact of health choice of life values self esteem and family relocation as constraints on your life cycle involvements The goal in writing this book has been to empower the reader to view his or her life in a fresh new personal perspective

Seeing Straight Jean Halley, Amy Eshleman, 2016-11-29 *Seeing Straight* introduces students to key concepts in gender and sexuality through the lens of privilege and power After an accessible overview the book asks students to examine the privilege inherent in approaching heterosexual and cisgender identities as normal as well as the problems of treating queer gender and sexuality as abnormal Compelling real life examples illustrate theory and empirical research revealing phenomena that shape not only students own lives but also their communities their country and the field of gender studies itself The book addresses tough topics like hate violence and privilege and it also considers institutionalized heteronormativity through the military law religion and more The book ends with a chapter called It's Getting Better that presents evidence for queer hope and courage Filled with compelling true stories this book is an ideal introduction to gender and sexuality that encourages students to question their own assumptions

Difference Troubles Steven Seidman, 1997-10-09 *Difference Troubles* first published in 1997 examines the implications for social theory and sexual politics of taking difference seriously It explores the trouble difference makes not only for the social sciences but also for the people feminists queer theorists postmodernists who champion difference Seidman asks how social thinkers should conceptualize differences such as gender race and sexuality without reducing them to an inferior status This is a wide

ranging and sophisticated discussion of contemporary social theory and sexual politics presented with Seidman's familiar imagination and clarity. In addition, it argues persuasively for a pragmatic approach to difference troubles in theory and politics.

Family and Divorce in California, 1850-1890 Robert L. Griswold, 1983-06-30

Family and Divorce in California succeeds in reconstructing the private world of farmers, laborers, small town merchants, tradesmen, and housewives through an examination of local newspapers, census data, legal documents, and above all, divorce records during the years 1850 to 1890. Some 400 divorce cases from two rural counties form the core of the study. Here we see how the compassionate ideal, the cult of true womanhood, and the work ethic actually affected the attitudes and behavior of working class and rural as well as urban middle class people. A wide variety of topics is covered: basic family values, women's health, work, sexuality, character, and independence, men's work, sexual conduct, and affective relations, the nature of parenthood, childhood, and marital companionship, domestic violence. The book also explores the early years of the divorce crisis that began in the 1880s and answers the questions of how and why it developed.

James Henslin Sociology 11th Edition: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. James Henslin Sociology 11th Edition : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. James Henslin Sociology 11th Edition : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
