,2009-09 **River Basin Management - Challenges and Coping Strategies** ,2025-03-19 Rivers are lifelines for both human societies and ecosystems yet they face growing threats from climate change and human activities This book offers a comprehensive exploration of the latest methods and achievements in river research to address these challenges and

promote the sustainable management of river systems. The book investigates three key themes. Firstly advanced monitoring technologies Discover advanced techniques such as wavelet analysis machine learning and environmental DNA methods which provide crucial data for assessing river health and guiding pollution control efforts. Secondly improved modeling approaches Explore the soil erosion potential model and the integration of big data and machine learning in hydrodynamic models enabling more precise and effective river management. Thirdly the usage of nature based solutions. Nature based river restoration was investigated through a case study in Zambia's Kitwe region demonstrating their effectiveness in flood mitigation disaster reduction and ecosystem restoration. This book aims to bridge science and practice offering innovative tools and approaches to address our rivers pressing challenges. **Mergent International Manual**, 2009 **Unseen**

**Flesh** Nessette Falu, 2023-08-25 In *Unseen Flesh* Nessette Falu explores how Black lesbians in Brazil define and sustain their well being and self worth against persistent racial sexual class and gender based prejudice. Focusing on the trauma caused by interactions with gynecologists Falu draws on in depth ethnographic work among the Black lesbian community to reveal their profoundly negative affective experiences within Brazil's deeply biased medical system. In the face of such entrenched intersectional intimate violence Falu's informants actively pursue well being in ways that channel their struggle for self worth toward broader goals of social change self care and communal action. Demonstrating how the racist and heteronormative underpinnings of gynecology erase Black lesbian subjecthood through mental emotional and physical traumas Falu explores the daily resistance and abolitionist practices of worth making that claim and sustain Black queer identity and living. Falu rethinks the medicalization of race sex and gender in Brazil and elsewhere while offering a new perspective on Black queer life through well being grounded in relationships socioeconomic struggles the erotic and freedom strivings.
