The End of Europe James Kirchick, 2017-03-07 Once the world's bastion of liberal democratic values Europe is now having to confront demons it thought it had laid to rest The old pathologies of anti-Semitism populist nationalism and territorial aggression are threatening to tear the European postwar consensus apart In riveting dispatches from this unfolding tragedy James Kirchick shows us the shallow disingenuousness of the leaders who pushed for Brexit examines how a vast migrant wave is exacerbating tensions between Europeans and their Muslim minorities explores the rising anti-Semitism that causes Jewish schools and synagogues in France and Germany to resemble armed bunkers and describes how Russian imperial ambitions are destabilizing nations from Estonia to Ukraine With President Trump now threatening to abandon America's traditional role as upholder of the liberal world order and guarantor of the continent's security Europe may be alone in dealing with these unprecedented challenges Based on extensive firsthand reporting this book is a provocative disturbing look at a continent in unexpected crisis

Narratives about Jews among Muslims in Norway Vibeke Moe Bjørnbekk, 2024-06-17 What is the nature of Muslim Jewish relations in Europe today Based on qualitative interview data this book explores narratives about Jews among Muslims in Norway Drawing on culturally embedded narratives as well as personal experiences interviewees reflect on the relationship between Jews and Muslims The interreligious exchange between Islam and Judaism is as old as Islam Today the Arab Israeli conflict has become an important frame of reference in the public discourse on Muslim Jewish relations The narratives presented in this book delineate shifting community boundaries and identifications that transcend dichotomised notions of Muslims versus Jews The analysis shows how Jewish history in Europe and the history of modern antisemitism serve as interpretative keys in the

narratives used for explaining the situation of the Muslim minority today Furthermore the book demonstrates how interviewees perceptions of society s attitudes toward Muslim and Jewish experiences also strongly influence their perceptions of Muslim Jewish relations United by or Against Euroscepticism? An Assessment of Public Attitudes towards Europe in the Context of the Crisis Alina Bârgăoanu, Loredana Radu, Diego Varela, 2015-10-13 This book sheds light on the future of the European Union in a critical context marked by what appears to be a never ending crisis of leadership and legitimacy Will anti European views and their corollary such as Euro populism Euro denial and Euro cynicisms along with all types of nationalisms crush or further consolidate the European project The volume offers detailed analyses of various dimensions of Euroscepticism in the context of the greatest economic crisis in the history of the EU Divided into four sections the first brings together general theoretical and empirical perspectives on Euroscepticism building on existing studies The second section focuses on the effects of the current economic crisis on Eurosceptic attitudes while the third explores the marginal impact of Euroscepticism by analysing this phenomenon in countries that have recently joined the EU such as Romania and others in which membership is a debated issue and which may use the former s experience as a model such as Turkey or Ukraine Finally the concluding part discusses the consequences of Euroscepticism for the unity of Europe and the global role and relevance of the EU **Die Ermüdung der Demokratie** Wolfgang Geiger, 2017-09-28 Warum zogen 2014 ein Drittel EU Gegner und Kritiker ins Europaparlament ein Warum waren alle vom Brexit berrascht Warum wurde die Bedrohung der europ ischen Demokratie durch den Rechtspopulismus erst wahrgenommen als sich der Einzug von Marine Le Pen in die Stichwahl zur franz sischen Pr sidentschaft abzeichnete Wie reagieren die etablierten demokratischen Parteien auf diese Entwicklung Und warum konnte ein Emmanuel Macron fast ber Nacht die politische Landschaft Frankreichs transformieren Eine Tour d horizon durch verschiedene europ ische L nder vermittelt einen Eindruck von der Breite und Tiefe der Herausforderung der Demokratie Der Populismus reagiert auf Entwicklungen die als Bedrohungen von au en wahrgenommen werden Globalisierung Europ isierung Verlust der nationalen Souver nit t Migration und Terrorismus oder als dysfunktionale Entwicklungen im Inneren b rgerferne B rokratie abgehobene politische Entscheidungen Korruption Machtmissbrauch Reale Probleme mischen sich in der Vorstellung mit fantasierten Szenarien und Verschw rungstheorien Die politische Krise der EU seit der Finanzkrise und der nach wie vor ungel sten Schuldenproblematik verst rkt durch neue Herausforderungen angesichts der Fl chtlinge und des islamistischen Terrorismus f rdert vor allem rechtspopulistische und nationalistische Tendenzen Eine Erm dung der Demokratie scheint sich schon darin zu zeigen dass ihre Errungenschaften so selbstverst ndlich erscheinen als m ssten sie sich nicht st ndig aufs Neue bew hren Im Zentrum der Untersuchung stehen Frankreich und Deutschland erg nzt durch Analysen der rechtsextremen und populistischen Ideologien von Demokratie und Demagogie als dialektischem Paar seit der Antike und nicht zuletzt geht es um die Frage Was ist Europa Auch als E Book www.humanities-online.de Shell Shocked G rôme Truc, 2018-02-09 What is it that leaves us shell shocked in the face of

the massacres carried out in New York on 9 11 or in Paris on 13 November 2015 How are we to explain the intensity of the reaction to the attacks on Charlie Hebdo Answering these questions involves trying to understand what a society goes through when it is subjected to the ordeal of terrorist attacks And it impels us to try to explain why millions of people feel so concerned and shaken by them even when they do not have a direct connection with any of the victims In *Shell Shocked* sociologist G r me Truc sheds new light on these events returning to the ways in which ordinary individuals lived through and responded to the attacks of 9 11 of 11 March 2004 in Madrid and 7 July 2005 in London Analysing political language and media images demonstrations of solidarity and minutes of silence as well as the tens of thousands of messages addressed to the victims his investigation brings about the complexity of our feelings about the Islamists attacks It also uncovers the sources of the solidarity that in our individualistic societies ultimately finds expression in the first person singular rather than the first person plural I am Charlie I am Paris This timely and path breaking book will appeal to students and scholars in sociology and politics and to anyone interested in understanding the impact of terrorism in contemporary societies

and social scientific disciplines Reading archives describing dramatic misformations of bodies and body politics she shows how prejudices against expressivity unravel in turn revealing widespread anxieties about demonstrative agitation This history of the fitful body complements stories of nineteenth century discipline and regimentation As she notes constraints on movement imply constraints on political power and agency In each chapter Gotman confronts the many ways choreomania works as an extension of discourses shaping colonialist orientalism which alternately depict riotous bodies as dangerously infected others and as curious bacchanalian remains Through her research Gotman also shows how beneath the radar of this colonial discourse men and women gathered together to repossess on their terms the gestures of social revolt
