*Outlander and Lord John as Crime Fiction* Erin E. MacDonald, 2025-01-24 Fans across the globe are familiar with Diana Gabaldon's bestselling *Outlander* series and the Starz television series that adapts it. Combining science fiction, time travel, and historical romance, the *Outlander* universe has captivated millions with its detail and complexity. However, few readers or viewers realize how large an influence the mystery genre has had on Gabaldon's plots, characters, and writing style. Her *Lord John* series of novels and short stories is obviously rooted in the crime fiction tradition, although it doesn't play by all of the traditional generic rules. Even the larger *Outlander* novels, though, contain at least one mystery in every book. This inclusion of the murder mystery and other crimes is no accident; the author has stated her love of the genre and her deliberate use of it many times. This collection of scholarly essays delves into the many connections between the world of *Outlander* and the world of crime fiction. It analyzes in depth for the first time the ways that crime and punishment, vigilante justice, and murder and mystery are represented in both the *Outlander* and *Lord John* series. Moving beyond the stereotypical romantic focus, this book demonstrates the variety and complexity of Gabaldon's universe.
