*Professionalism in Early Childhood Education and Care* Carmen Dalli,Mathias Urban,2013-09-13 The professionalism of the early childhood sector has gained prominence on the policy agendas of many countries National pedagogical frameworks or curricula and an upsurge of pathways to gaining or upgrading qualifications has led to a pervasive terminology of professionalism Yet despite the pervasiveness of this terminology the question of what professionalism means in early years contexts remains open to debate This book draws together the work of an international group of scholars who have engaged with this question They ask How can professionalism be conceptualised in early childhood settings How might one act professionally in increasingly diverse and changing social and cultural contexts Do we have a common ground of understanding about these terms Are there key concepts that can be agreed upon Drawing on research and experience across a wide range of national contexts this book seeks an understanding of early childhood professionalism in local contexts that might throw light on the global implications of this term This book was published as a special issue in the European Early Childhood Education Research Journal

**Care Planning in Children and Young People's Nursing** Sonya Clarke,Doris Corkin,2023-08-15 Care Planning in Children and Young People s Nursing Develop a care program to meet a child s individual needs with this essential guide Even seemingly minor decisions can have a significant impact on the early development of a child so it is essential for children to receive a carefully tailored program designed to meet the needs and concerns of each individual child The second edition of Care Planning in Children and Young People s Nursing adds significant scope and material to the already vital first edition Taking a child young person and family centred approach it offers a comprehensive and accessible discussion of care planning with continuous reference to core principles and nursing values This new edition continues to be a fundamental resource for the planning and execution of high quality nursing care for children and young people Readers of the second edition will also find Detailed case scenarios designed to cultivate discussion and produce greater competence Increased emphasis on the voices of children and young people In depth discussion of care planning for specific conditions including new chapters on Sickle Cell Disease Mental Health and Wellbeing of Children and Young People Transition from Children s to Adults Services and more Care Planning in Children and Young People s Nursing is a must have for children s nurses or for any nursing professionals involved in the care of children and young people

**Early Childhood Education and Care** Margaret M Clark,Tim Waller,2007-05-14 A much needed book that uniquely brings together policy and practice in early childhood education and care across the United Kingdom and the Republic of Ireland It offers a wealth of information and useful websites and addresses so that importantly readers can keep abreast of the rapidly changing external environment in these countries An essential read for those wishing to understand the background to policy and practice in early childhood education and care Linda Miller The Open University

This book is long overdue it provides effective cameos of developments in each country highlighting key legislation the underlying philosophy the formation of policies and their implementation in state voluntary and private provision The International Journal of Early Childhood This unique resource will be invaluable in helping students and others trying to understand the context of current early years provision The case studies bring the book to life and ground it in the stories of real children and their families They highlight how the similarities and differences in support for children and their families are more dependent on where they live than what they need Lesley Staggs Early childhood education and care policy has an impact on the daily lives of early years practitioners and the families and children they work with and practising and trainee early childhood professionals need to have an understanding of current policy as well as the contexts for policy making and implementation Currently the majority of textbooks for early years education and early childhood students in the UK focus on the situation in England As a result readers may have a skewed perspective on policy and practice and not be aware of the varying and different contexts in Northern Ireland Scotland and Wales Also those working in settings not in England have to work hard to apply texts to their own contexts In contrast this book gives the reader easy access to information on the policies and practices in ECEC across each of the countries in the UK and the Republic of Ireland Each chapter covers o background information o policy and practice in early childhood education and care o transition o schooling and curriculum o quality assurance examination and inspection o professional development and training o future and imminent changes o case studies of children's lives In addition to describing the legislative political and practical situation in each country the book enables comparisons to be drawn and helps readers interpret the data critically It will be essential reading for modules on comparative education and international perspectives but will also form a foundation for all modules involving policy and provision on Early Years Education Early Childhood or Childhood Studies courses Practitioners undertaking CPD modules or foundation degrees and international students looking for comparative data will also find the book useful **Mayes'**

work with children in the early years      **Learning from Baby P** Sharon Shoesmith,2016-08-20 Sharon Shoesmith was Director of Children's Services for Haringey in 2007 at the time of the death of Peter Connelly also known as Baby P In Learning from Baby P she carries out a dispassionate analysis of the events which followed Peter Connelly's death documenting the responses of the media politicians and the public She explores the psychological and emotional responses we share when faced with such horrifying cases of familial child homicide and how a climate of fear and blame which follows such tragedies can lead to negative consequences for other children at risk of harm and for the social workers striving to protect them Learning from Baby P is a thought provoking book which aims to deepen understanding and shed light on the difficult relationship between politics the media and child protection      **Orthopaedic and Trauma Nursing** Sonya Clarke,Julie Santy-Tomlinson,2014-07-11 Orthopaedic and Trauma Nursing provides practitioners working in orthopaedic and musculoskeletal trauma settings with the essential evidence guidance and knowledge required to underpin effective practice This comprehensive and contemporary textbook explores the variety of adult and paediatric clinical settings where orthopaedic and trauma practitioners work including acute wards clinics community hospitals nursing homes and patients homes Divided into 5 sections this book looks at key issues in orthopaedic and musculoskeletal trauma care specialist practice issues common orthopaedic conditions and their care and management musculoskeletal trauma care and care of children and young people Suitable for students at degree level as well as those clinicians practicing in more advanced orthopaedic and trauma care roles Orthopaedic and Trauma Nursing is a foremost authority on orthopaedic and musculoskeletal practice for both students and practitioners Orthopaedic and Trauma Nursing Is strongly supported by the latest evidence with chapters summarizing evidence with reference to relevant and seminal research Offers practical guidance based on the relevant evidence Focuses on the perspective of the patient with patient narrative and case studies throughout Includes a section specifically dealing with children and young people      The Value of Play Perry Else,2009-04-20 An accessible coursebook for those specifically engaged in playwork and those on Childhood Studies programmes      **Social Work, Parents and the Child Protection Process** Katrin Bain,John Harris,2024-10-18 Despite the pivotal role played by parents in the child protection process little attention has been paid to how social workers perceive them Exploring representations of parents within Children's Services at the levels of policy organisation and frontline practice the concept of citizenship is used to construct a typology with ten variants of parent citizenship The typology reveals the complexities of parental representations and their relationship to the content of policy organisational environments and dominant societal themes as it uncovers how social workers represent parents in their day to day practice The book is a resource that can be used by students practitioners researchers and parent advocacy organisations to evaluate policy and practice and to contribute to the search for the best possible outcomes for families Arguing that parental participation in the child protection process is essential the book increases the visibility of parents and contributes to a much needed dialogue

about working with parents in Children's Services

### **Promoting Children's Rights in Social Work and Social Care**

Margaret Bell, 2011-08-15 Everyone seems to agree that children have to be heard but not on how where and when they can participate or the organisation needed to facilitate it This book addresses these questions Margaret Bell looks at the reality of children's experiences examines the variety of definitions of participation and highlights initiatives for involvement

**Child-Centred Practice** Tracey Race, Rebecca O'Keefe, 2017-05-30 Since the Munro report 2011 a greater emphasis has been placed on the value of child centred practice in social work with children young people and families It has come to be recognised that social workers cannot make an assessment or intervene to safeguard children and promote positive outcomes without engaging with the children themselves This involves recognising the rights of the child getting to know who they are what they need how they feel about their situation and what they want for their future Split into two distinct sections this authoritative text focuses on the foundational knowledge required for child centred work unpacking the ethical and theoretical principles that form the basis of the approach and exploring current debates around working with children and families Benefitting from the authors extensive experience in academia and practice settings each chapter Provides insightful practitioner testimonials and case study examples to help the reader apply what they have learned to everyday practice Highlights important research studies that give voice to children and young people providing the reader with background knowledge of the evidence base for child centred approaches Includes engaging questions and activities to enable the reader to reflect on what they have learned and make links to their own practice values and beliefs With a strong focus on developing the reader's practice skills particularly in engaging and communicating with children Child Centred Practice is an essential handbook for students and professionals involved in this complex yet rewarding area of social work practice

Primary Teachers, Inspection and the Silencing of the Ethic of Care James Reid, 2018-09-17 This book offers a unique and critical explication of teachers understanding and experience of care during a period of regulatory scrutiny and notice to improve Written following research in a primary school in the north of England it draws on the findings of an institutional ethnography to reveal the mediation of the teachers everyday work *Social Work with Children and Families* Steve

Rogowski, 2016-04-20 Professional social work has changed considerably over the last forty years coinciding with the demise of the social democratic consensus of the post war years and the emergence and now domination of neoliberalism Rather than the state through the government of the day ensuring citizens basic needs were met via the welfare state the belief in free market economics entails people having to be self reliant and self responsible This has involved social work with children and families moving from a helping and supportive role to one that is more authoritarian this often involving telling parents to change their behaviour and lifestyle or face the consequences This book outlines the development of social work with children and families over the period in question drawing on the author's unique practice experience and his extensive writings It charts the highs and lows of social work the latter including the dominance of managerialism which emphasises

speedy completion of bureaucracy so as to ration resources and assess manage risk Despite this the argument is for a critical practice which addresses service users immediate needs while simultaneously aiming towards a more socially just and equal society This book is essential reading for everyone interested in social work including academics students practitioners and managers both in the UK and overseas Social care and allied professionals more generally will also find it insightful as will academics students and educators of social policy and related disciplines Social Work and Human Development Janet Walker,Nigel Horner,2020-04-25 Social work engages with people across the life course and social workers are expected to work with groups of people at very different stages of their life Developing a thorough understanding of human growth to encompass the whole of the life course is therefore a central part of all qualifying social work training and practice A clear favourite among students and lecturers this bestselling book introduces the main theoretical models in a clear and accessible way before applying them to various stages of the life course From infants to older adults the author uses case studies and practice examples to bring social work methods skills and principles to life
