Sakalosky, 2014-01-31 Notio Nova A New Idea by George P Sakalosky Ph D Here is a new and unique idea that describes both the driving force behind cancer and its potential cure In this book quantum concept and model developed by the author will take you into a territory completely off the commonly accepted research track for understanding carcinogenesis Notio Nova rejects the common view that mutations in DNA produce both a cancer genome and a potential cure instead it suggests that the development of the cancer genome begins in DNA with the production of a chemical bond lesion an ozonide located inside a promoter TATA box in the Replication Origin of the Genome The lesion locks the TATA box switch ON and causes the well known unregulated replication of the cancer genome that sustains itself via various mutations This is the conclusion of a fifty two year study using a new technique in molecular modeling which brought forth the design synthesis and successful

testing of three lesion destroying anticancer analogue compounds The conclusion of this new unique research suggests that the old idea of mutation has failed to produce a cure so a new idea must come forth and is here presented About the Author Dr Sakalosky began molecular modeling in 1957 to devise a means for identifying critical energy absorption sites in macromolecular systems He was awarded a doctoral degree at Boston College in 1975 following the completion of interdisciplinary intercollegiate doctoral courses in biochemistry biophysics learning theory and neurochemistry at MIT was accepted as a student member of the MIT Neuroscience Department Tufts University School of Medicine Boston University and Boston College These studies concluded with a doctoral thesis Proton Symmetry Its Implications for learning Theory A Biophysics Concept Dr Sakalosky joined the U S Atomic Energy Commission USAEC in 1963 as a member of the Division of Reactor Development and later served as a member of the office of the Chairman of the U S Atomic Energy Commission The chemical structures in the text are illustrated by Valerie L Pense and Simeon C Daugherty Historical Evolution of Strategic Management Peter McKiernan,2017-07-05 This collection of readings representing the historical evolution of the subject of strategic management provides an introduction to the roots of modern thought It proceeds to dissect more recent contributions into two schools the Planning and Practice school and the Learning school Proceedings of the National Academy of Sciences of the United States of America ,2000 *Cumulated Index Medicus* ,1989 **Autocar** ,2002 *Car and Driver* ,2002 Whitaker's Cumulative Book List ,1976 EPA Publications Bibliography, 1984-1990: Indexes ,1990 **Braby's Commercial Directory of South, East and Central Africa** ,1980 Includes South Africa Rhodesia Zambia Malawi South West Africa Mocambique Angola Swaaziland Botsawana and Lesotho *Books in Print* ,1977 **EPA Publications Bibliography, 1984-1990** ,1990 Government Reports Announcements & Index ,1994
