The Microwave Gourmet Cookbook The central concept behind the Microwave Gourmet was to develop a list of recipes that all of us could use in a pinch when we want a delicious meal but are limited on time and materials Cooking with microwaves is almost looked down upon by chefs and professionals in food preparation People seem to have a predisposition to assume microwave food is fast and cheap as if to prepare food in a microwave damns that food to be mediocre and unfulfilling We say You're just not cooking the right things Well we're about to change all that These are some of the most tasteful and enjoyable recipes we have experimented with and we think you'll really appreciate both the flavor and effortlessness of them Will this book make you a food Genius Perhaps it will Will it give you decadent food weapons to use in a pinch Definitely How do we know this book really works Because C J's brother is currently finishing up a 14 year sentence for conspiracy C J wrote this book after his brother asked him for recipes he could use in a common microwave So this is what C J developed with the help of many great chefs But this book is for all of us in a bind or not So if you know somebody who doesn't respect the power and capabilities a microwave take some of these recipes create an incredible dinner and invite them over Once they finish the meal sitting back with glee and bliss you can tell them you made this entire meal in a microwave You will reign as culinary king or queen among the people Here are just a few of the things you'll learn to prepare in short minutes Entrees Risotto

Favorite Prison Recipes Daniel M. Allen, 2011-07-17 INTRODUCTION These recipes are the result of years of hard labor personal risk and great treachery To get these recipes involved savage coercion and brutality Once I almost killed a man just to learn the secret of his fondue And now for the first time ever I literally drag these guarded treasures from their steel lock boxes for your own pleasure and amusement During my cruel retreat at Club Fed I observed two main types of eaters The first and smaller group is the prison gourmets These folks take great pride in cooking Their delicious banquet spreads are part of a larger cultural ritual Ethnic groups such as Latinos and Asians often celebrate a rich culture of good food that is carried over into prison life Here it is a part of their regular social cohesion To see this type of eater cooking is like watching a chef at work in a bistro Producing a meal may take all afternoon and involve a small army of participants They can be seen around the microwave stirring taking a taste of this and adding a pinch of that The result is extraordinary fare but there are downsides Prison gourmets do not settle for the usual commissary items they use special channels to get special ingredients Utilizing contacts across the compound they come up with a full array of fresh meats cheeses vegetables and spices that others may have trouble getting Their utensils and cookware are also contraband Another downside for the average schlub is that this style of cooking takes a long time The other common type of eater the largest group is the lazy uncreative fraternal type These people just kick in whatever they have lying around and make a communal pile The stuff is all blended together and doled out in bowls The typical ingredients are roast beef turkey log canned chili refried beans cheese spread and onions all melted over chips This nameless potluck comfort food is usually pretty good But it too has downsides It is easy for this style of cooking to become a big fiasco It is never clear who contributed what if anything and who is suppose to cook or clean Another problem is that people are not all hungry at the same time or for the same exact thing The potluck method gets old too After all it s just the same old ingredients reshuffled in differing volumes Aside from these few small objections there is nothing particularly wrong with either type of eater If either of these two scenarios appeals to you then federal prison is your dream come true On the other hand if you are independent and self sufficient with discriminating taste this book was written for you The overwhelming majority of ingredients described in this book are things that any federal inmate can legally purchase at their commissary A few of the items may not be widely available these are noted for your consideration Each recipe here was personally prepared often multiple times in order to fine tune every step Details were recorded in a simple yet scientific way for your convenience Finally a panel of very tasteful and elite inmate critics sampled each dish and gave

honest almost caveman like opinions and suggestions Only those recipes which met broad favor were included Most of these items are very good many are quick economical and clever I know that you will carry these tricks with you back into the free world They will be fun to teach to your kids and use to impress your camping partners I hope that you enjoy sampling these goodies as much as I did extorting them from others Bon App tit Mad Dog *From the Big House to Your House* Ceyma Bina,Tina Cornelius,Celeste Johnson,Barbara Holder,Trenda Kemmerer,Louanne Larson,2010-12-17 From The Big House To Your House has two hundred easy to prepare and tasty recipes for meals snacks and desserts Written by six women imprisoned in Texas the recipes can be made from basic items a prisoner can purchase from their commissary or people on the outside can purchase from a convenience or grocery store Also included are many cost saving tips This book is the result of the women s cooking experiences while confined at the Mountain View Unit a woman s prison in Gatesville Texas They met and bonded in the G 3 dorm housing only prisoners with a sentence in excess of 50 years While there isn t much freedom to be found when incarcerated using items from the commissary to cook what they wanted offered them a wonderful avenue for creativity and enjoyment The recipes in this book are the result of their culinary adventures They hope these recipes will ignite your taste buds as well as spark your imagination to explore unlimited creations of your own You are encouraged to make substitutions to your individual tastes and or availability of ingredients The women hope you will find enjoyment in the recipes they have created to find a home felt comfort during unfortunate times Happy Cooking Barbara Celeste Ceyma Louanne Tina and Trenda The women are generously donating all profits from sales of their book to The Justice Institute and its work on behalf of wrongly convicted men and women **Cooking Behind Bars** JANA BANANA. [Prison Recipes and Prison Cookbooks](#) A.E. Stearns, 2024-04-24 Prison Recipes and Prison Cookbooks provides an innovative exploration of U S based prison cookbooks using a narrative criminological approach The book relies on the voices of prison cookbook authors to argue that cookbook narratives are a form of communication with the free world Further the book undertakes thematic analyses of prison cookery and narratives to illuminate the intersections of incarceration with abolition gender literacy and dehumanization The reader is introduced to the power and symbolism of cell made food as well as the agency and resourcefulness of those who cook bake and write about food behind bars Prison Recipes and Prison Cookbooks is of interest to instructors of courses covering

the sociology of food criminology human geography and anthropology The book is also appropriate for prison and probation services health organizations and anyone engaged in the criminal legal system abolition movements or social reform **The Convict Cookbook**, 2004 **A 19 Year Run** Michael Stone, 2021-04-15 *Doing Time Authentic Prisoners Cookbook* Chef J.
