STUDY QUESTIONS... LORD OF THE FLIES
by William Golding...

CHAPTER ONE:

1. Why is the chapter entitled "The Sound of the Shell"?

This chapter is entitled "The Sound of the Shell", for all of the boys on the island come together as a result of the noise Ralph makes by blowing into a sea shell. Piggy explains to Ralph that such a shell is actually called a conch and the boys eventually decide to use the conch as a symbol of authority and attention. Whenever a boy has the conch in his hand, he is able to speak to the rest of the group without interruptions. Although it is only a small tangible item, the shell may become a very important aspect of the boys' survival on the island.

2. What is Ralph's attitude toward Piggy in the first chapter?

Ralph sees Piggy as a nuisance, but also realizes his usefulness. When Piggy first appears, Ralph constantly tries to walk away from him and does not answer his questions. Ralph is obviously a very independent boy and spends most of his time in a world of solitude. However, the boys have a "bonding" moment when they discover the noise they can make with the conch and even though Ralph is never overtly kind to him, Piggy is dedicated to Ralph.

3. What is the significance of Piggy's plea to join the expedition?

Piggy's plea to join the expedition represents his desperation to "fit in" with the rest of the boys. This is presumably an issue that Piggy has dealt with back home, for his nickname suggests that he is often excluded from groups. He would love to walk by Ralph's side and feel like a member of authority, but once again, his peers have stereotyped him as an outcast and left him behind.

4. Why is Ralph elected chief?

Ralph is elected chief because he was the first boy to call all of the others together. Although he may not have any more survival experience than the rest, all of the boys feel an instinctive comfort with this person who sounded the conch. There seems to be a quiet appeal about Ralph that makes others contented.

5. What is the "scar" that is repeatedly mentioned?

The scar mentioned in this story is mark on the island that the plane made when it landed or crashed. It is referred to as a scar perhaps because it is man-made rather than an act of nature. Later, but still in the first chapters of the novel, the man-made scar includes the burning of the mountainside from their first fire, and the destruction from their first boulder.

6. Why is Jack unable to kill the pig?

Although Jack is one of the oldest characters in the story, he is still only a child. Ending the life of an animal can be traumatic for any human being, let alone one who has not yet experienced life. The thought of having a pig to eat may be initially appealing to someone on an island, but the moment at which the animal is breathing in front of the hunter causes one's morals to overtake their instincts. Jack may be a strong boy, but he can not bring himself to end a life.
