Rousseau and "L'Infame" Ourida Mostefai, John T. Scott, 2009. *Ecrasez l'infâme*. Voltaire's rallying cry against fanaticism resonates with new force today. Nothing suggests the complex legacy of the Enlightenment more than the struggle of superstition, prejudice and intolerance advocated by most of the Enlightenment philosophers regardless of their ideological differences. The aim of this book is to undertake a reconsideration of the controversies surrounding the questions of religion, toleration and fanaticism in the eighteenth century through an examination of Rousseau's dialogue with Voltaire. What comes to light from this confrontation are two leading and at times competing world views and conceptions of the place of the engaged writer in society.

Peace and work Luisa Aurora Viviana Rodal, 2021-03-11. *Peace and Work* is a philosophical essay that analyses the relationship between these activities. There is a particular insistence in the importance of their mutual fecundity. The work realizes a historical philosophical exposition of both themes and offers a contemporary interpretation as conclusion.
