Louvois Le Double De Louis XIV:

Louvois Jean-Philippe Cénat,2015 *King of the World* Philip Mansel,2020-09-01 Louis XIV was a man in pursuit of glory Not content to be the ruler of a world power he wanted the power to rule the world And for a time he came tantalizingly close Philip Mansel s *King of the World* is the most comprehensive and up to date biography in English of this hypnotic flawed figure who continues to captivate our attention This lively work takes Louis outside Versailles and shows the true extent of his global ambitions with stops in London Madrid Constantinople Bangkok and beyond We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants his enmity with England and his relations with the rest of Europe as well as Asia Africa and the Americas We also see the king s effect on the two great global diasporas of Huguenots and Jacobites and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France Along the way we are enveloped in the splendor of Louis s court and the fascinating cast of characters who prostrated and plotted within it *King of the World* is exceptionally researched drawing on international archives and incorporating sources who knew the king intimately including the newly released correspondence of Louis s second wife Madame de Maintenon Mansel s narrative flair is a perfect match for this grand figure and he brings the Sun King s world to vivid life This is a global biography of a global king whose power was extensive but also limited by laws and circumstances and whose interests and ambitions stretched far beyond his homeland Through it all we watch Louis XIV progressively turn from a dazzling attractive young king to a belligerent reactionary who sets France on the path to 1789 It is a convincing and compelling portrait of a man who three hundred years after his death still epitomizes the idea of le grand monarque *Queen of Versailles* Mark Bryant,2020-10-22 Explores the life and court career of Madame de Maintenon A study in queenship it reveals how the dynamics of power and gender operated within the realms of early modern high politics church state affairs and international relations while providing unique insights into the Sun King and his court *European Military Rivalry, 1500-1750* Gregory Hanlon,2020-03-26 *European Military Rivalry 1500 1750 Fierce Pageant* examines more than 200 years of international rivalry across Western Central and Eastern Europe and the Mediterranean rim The book charts the increasing scale expenditure and duration of early modern wars the impact of modern fortification on strategy and the movement of armies the incidence of guerrilla war and localized conflict typical of the French wars of religion the recourse by warlords to private financing of troops and supplies and the creation of disciplined standing armies and navies in the age of Absolutism made possible by larger bureaucracies In addition to discussing key events and personalities of military rivalry during this period the book describes the operational mechanics of early modern warfare and the crucial role of taxation and state borrowing The relationship between the Christian West and the Ottoman Empire is also extensively analysed Drawing heavily upon international scholarship over the past half century *European Military Rivalry 1500 1750 Fierce Pageant* will be of great use to undergraduate students studying military history and early modern Europe
