

GREEN SMOOTHIE DIET GUIDE

This diet is a smoothies only diet, which means you drink nothing but smoothies. Blended food diets are extremely good for you as blended food is so easily digested. This means that nutrients are so easily absorbed into your body and energy is directed away from digesting food and towards healing your body. This means you should have a massive energy boost while on this diet.

The great thing about this diet is that because these smoothies are so healthy and natural, you can drink as much as you like of them.

This smoothie diet is a great detox as it clears the junk out of your body and gives it a good rest. The diet plan below incorporates a balance of different types of smoothies but feel free to substitute any smoothie recipes.
