

Histoire merveilleuse du roi Alexandre maître du monde

Histoire Merveilleuse Du Roi Alexandre Maicircetre Du Monde Roman Byzantin

Pierre Larousse,Paul Augé

Histoire Merveilleuse Du Roi Alexandre Maicirtre Du Monde Roman Byzantin:

Histoire merveilleuse du roi Alexandre, maître du monde Pseudo-Callisthenes, 2009 *The Art of Biography in Antiquity* Tomas Hägg, 2012-04-05 Examines the whole spectrum of Greek and Roman biography which explores the virtues and vices of philosophers statesmen and poets **Fictional Storytelling in the Medieval Eastern Mediterranean and Beyond**, 2016-09-27 This volume offers an overview of the rich narrative material circulating in the medieval Mediterranean As a multilingual and multicultural zone the Eastern Mediterranean offered a broad market for tales in both oral and written form and longer works of fiction which were translated and reworked in order to meet the tastes and cultural expectations of new audiences thus becoming common intellectual property of all the peoples around the Mediterranean shores Among others the volume examines for the first time popular eastern tales such as Kalila and Dimna Sindbad Barlaam and Joasaph and Arabic epics together with their Byzantine adaptations Original Byzantine love romances both learned and vernacular are discussed together with their Persian counterparts and with later adaptations of western stories This combination of such disparate narrative material aims to highlight both the wealth of medieval storytelling and the fundamental unity of the medieval Mediterranean world Contributors are Carolina Cupane Faustina Doufikar Aerts Massimo Fusillo Corinne Jouanno Grammatiki A Karla Bettina Kr nung Renata Lavagnini Ulrich Moennig Ingela Nilsson Claudia Ott Oliver Overwien Panagiotis Roilos Julia Rubanovich Ida Toth Robert Volk and Kostas Yiavis **Brill's Companion to the Reception of Alexander the Great**, 2018-09-11 Brill's Companion to the Reception of Alexander the Great offers a considerable range of topics of interest to students and academics alike in the long tradition of this subject's significant impact across a sometimes surprising and comprehensive variety of areas Arguably no other historical figure has cast such a long shadow for so long a time Every civilisation touched by the Macedonian Conqueror along with many more that he never imagined has scrambled to own some part of his legacy This volume canvasses a comprehensive array of these receptions beginning from Alexander's own era and journeying up to the present in order to come to grips with the impact left by this influential but elusive figure *The Book of Alexander the Great* Richard Stoneman, 2012-03-30 The Book of Alexander the Great or the Phyllada has for three centuries been the most popular account of Alexander's career in modern Greece After circulating in manuscript form it was first published in 1680 in Venice and has been continuously in print in Greek ever since The Phyllada broadly follows the structure of the ancient Alexander Romance but is much better organised and is a work of popular literature reflecting the immense interest that the Conqueror has generated since earliest times Numerous folktales and local legends kept his story alive and many works about Alexander circulated in manuscript during the Byzantine period The Phyllada is the culmination of this tradition Yet it has never been translated into English a surprising neglect which Richard Stoneman an acknowledged expert on Alexander makes good in this elegant rendering supplemented by a full introduction As a piece of literature the Phyllada is among the best treatments of the Alexander legend being full of colour and human interest Alexander not only

encounters the heroes of Troy on his adventures but wears the crown and robe of Solomon His descent into the Cave of the Gods Greek and Egyptian gods in the Romance becomes a visit to a hell described in Christian terms The pagan Alexander is thus filtered through a modern lens and becomes an emblem of the good king The sophisticated narrative structure and world view of the Phyllada account for its lasting influence This new translation does it full justice *Ethnography After Antiquity* Anthony Kaldellis,2013-08-12 Although Greek and Roman authors wrote ethnographic texts describing foreign cultures ethnography seems to disappear from Byzantine literature after the seventh century C E a perplexing exception for a culture so strongly self identified with the Roman empire Yet the Byzantines geographically located at the heart of the upheavals that led from the ancient to the modern world had abundant and sophisticated knowledge of the cultures with which they struggled and bargained *Ethnography After Antiquity* examines both the instances and omissions of Byzantine ethnography exploring the political and religious motivations for writing or not writing about other peoples Through the ethnographies embedded in classical histories military manuals Constantine VII s *De administrando imperio* and religious literature Anthony Kaldellis shows Byzantine authors using accounts of foreign cultures as vehicles to critique their own state or to demonstrate Romano Christian superiority over Islam He comes to the startling conclusion that the Byzantines did not view cultural differences through a purely theological prism their Roman identity rather than their orthodoxy was the vital distinction from cultures they considered heretic and barbarian Filling in the previously unexplained gap between antiquity and the resurgence of ethnography in the late Byzantine period *Ethnography After Antiquity* offers new perspective on how Byzantium positioned itself with and against the dramatically shifting world **Egyptianizing Figurines from Delos**

Caitlín Barrett,2011-09-20 This book investigates Hellenistic popular religion through an interdisciplinary study of terracotta figurines of Egyptian deities mostly from domestic contexts from the trading port of Delos A comparison of the figurines iconography to parallels in Egyptian religious texts temple reliefs and ritual objects suggests that many figurines depict deities or rituals associated with Egyptian festivals An analysis of the objects clay fabrics and manufacturing techniques indicates that most were made on Delos Additionally archival research on unpublished notes from early excavations reveals new data on many figurines archaeological contexts illuminating their roles in both domestic and temple cults The results offer a new perspective on Hellenistic reinterpretations of Egyptian religion as well as the relationship between popular and official cults
