Histoire (ESH). Réussir son entrée en prépa ECE1-ECE2 en 30 fiches Laurent Braquet, 2018-04-04 L'entrée en classes préparatoires économiques suppose de bien maîtriser les concepts et les outils des programmes du lycée. En 30 fiches structurées, cet ouvrage propose de faire le lien avec les principaux thèmes abordés sur les deux années de prépa grâce à 8 rubriques actuelles. Ce que vous avez vu en première et terminale ES. Ce qu'il faut savoir pour bien aborder la prépa. Un document incontournable pour comprendre le thème dans l'histoire économique et l'actualité. Qu'en disent les économistes ou les sociologues aujourd'hui. Pour s'exercer un petit test. Quelques sujets possibles. Conseils bibliographiques.

La sociologie historique Frédéric Guillaume Dufour, 2016-11-18T00:00:00-05:00 Cette introduction à la sociologie historique constitue une somme unique en langue française sur les développements de ce champ d'études. De façon claire et cohérente, en faisant dialoguer les classiques et la recherche contemporaine, l'auteur aborde la sociologie historique à la fois comme un carrefour disciplinaire, un ensemble de convictions méthodologiques et un espace de débats traversés par différentes traditions théoriques.

Understanding the Consecrated Life in Canada Jason Zuidema, 2015-12-21 The story of the consecrated life in Canada since the 1960s should be about much more than numerical decline. Although the falling numbers are significant among Catholic religious communities that predate Vatican II, many communities continue to show stability and even growth. This book provides nuance to that story by adding detailed portraits of movements, communities and institutions. In four parts, this book presents essays from the leading scholars on religious life in Canada that seek to address the state of religious communities dedicated to religious virtuosity, normally characterized by formal promises of chastity, poverty and obedience. The essays examine a broad range of topics related to the general state of consecrated or religious or monastic life in contemporary Canadian Christian and Buddhist traditions. In the first section, the contributors trace the demographics and definitions of religious life in Canada. The second section examines Canadian developments in Catholic religious life during the Vatican II and the post-Vatican II eras. A third section explores trends in contemporary Canadian religious life, while the fourth section describes the consecrated life in other Canadian religious traditions.

Visions de métropoles Patrick Pigeon, 2025-03-21T00:00:00Z Pourquoi Saint-Petersbourg n'a-t-elle qu'une tour de très grande hauteur, alors que Hong Kong en a des dizaines, bien qu'il s'agisse de deux portes maritimes d'États continentaux ? Dans un autre contexte, pourquoi Mexico parfois nommée monstruopole exhume-t-elle les restes d'une ancienne pyramide aztèque au Nord de la place de la Constitution ? Ces questions annoncent les difficultés croissantes de finir de comprendre et de piloter les métropoles. Notre enquête s'appuie sur les visions de base des métropoles, qui croisent les apports de la recherche académique et les expériences plus personnelles, principalement géographiques. Elle défend qu'au moins une définition universellement valable des métropoles reste possible. Dynamique et systémique, elle permet d'interpréter les évolutions métropolitaines sur la longue durée. Ce sont les visions de métropoles. Malgré les multiples conditionnements idéologiques et pistologiques pesant sur de telles connaissances, l'enquête souligne l'impossibilité

liminer les problèmes écologiques et économiques inhérents aux peuplements urbains Cette interprétation n puise pas le sujet et ne représente pas un nouvel avatar des grands récits sur les finalités de l histoire Par conséquent la première étape de l enquête principalement géographique appelle son prolongement plus philosophique et politique Pourquoi ce qui reste connaissable et politiquement gérable est-il présumé l être de moins en moins comme les études critiques le défont
