Jasper Knight, Christian M. Rogerson

Gauteng Province Economics Paper 2014 Scope:

The Geography of South Africa Jasper Knight, Christian M. Rogerson, 2018-10-03 This edited collection examines contemporary directions in geographical research on South Africa. It encompasses a cross section of selected themes of critical importance not only to the discipline of Geography in South Africa but also of relevance to other areas of the Global South. All chapters are original contributions providing a state of the art research baseline on key themes in physical human and environmental geography and in understanding the changing geographical landscapes of modern South Africa. These contributions set the scene for an understanding of the relationships between modern South Africa and the wider contemporary world including issues of sustainable development and growth in the Global South. ICIE 2015 3rd International Conference on Innovation and Entrepreneurship Deresh Ramjugernath, 2015-02-24 These proceedings represent the work of researchers participating in the 3rd International Conference on Innovation and Entrepreneurship ICIE 2015 which is being co-hosted by The University of KwaZulu Natal Durban and the Ethekewini Municipality Durban South Africa on the 19-20 March 2015. The ICIE Conference constitutes a valuable platform for individuals to present their research findings, display their work in progress and discuss conceptual advances in many different branches of innovation and entrepreneurship in business and management. At the same time it provides an important opportunity for researchers and managers to come together with peers, share knowledge and exchange ideas. ICIE builds on the now well-established European Conference on Innovation and Entrepreneurship and allows universities outside the European boundaries the opportunity to host an academic conference on these important topics. In addition to the presentations of research, the conference will feature a knowledge cafe led by Dr Shawren Singh looking at this topic. How can academics focus research efforts to better serve the business and public sector communities? The second day will open with a panel discussion looking at Smart cities, Opportunities for Entrepreneurship and Economic growth. Following an initial submission of 85 abstracts that have undergone a double-blind peer review process, 26 research papers, 3 PhD research papers, 2 work-in-progress papers are published in these Conference Proceedings representing research results from the Czech Republic, Denmark, Italy, Kazakhstan, Kenya, Lithuania, Nigeria, Poland, Saudi Arabia, South Africa, Sweden, The Netherlands, UK, USA and Zambia.
