Histoire De La Guerre Civile Russe:

Les Blancs et les Rouges Dominique Venner, 1997 La fin du tsarisme et la guerre civile qui suivit en Russie SDM

Histoire de la guerre civile russe Jean-Jacques Marie, 2015-03-05 De la révolution d'octobre 1917 à 1922 la guerre civile russe fait des ravages millions de morts parmi les famines, terreur et déportation. Face aux bolcheviks et aux monarchistes une troisième force issue du monde rural merge. En mars 1917 mutineries et jacqueries submergent la Russie. Le tsar Nicolas II abdique. L'empereur et les bolcheviks prennent le pouvoir. Ce sont les Rouges. En décembre des garnisons proscrits commencent à lutter pour le retour du régime tsariste. En un an du Caucase à la Sibérie il y a des centaines de milliers sous les drapeaux de Denikine, Koltchak ou Wrangel. Ce sont les Blancs. Face à la terreur bolchevique, bandes de pillards et paysans se révoltent leur tour. Refusant la circonscription et la réquisition de récoltes, ils se déclarent pour la liberté du commerce et contre la dictature de la ville. Ce sont les Verts. À la lumière de documents russes indits en français, Jean-Jacques Marie revisite le récit d'une guerre civile qui plonge la Russie dans le chaos et voit la disparition d'un monde qu'on croyait éternel. **La guerre des Russes blancs** Jean-Jacques Marie, 2017-03-02 De 1917 à 1922 la guerre civile a causé des ravages en Russie : des millions de morts, des pestes de typhus et de choléra, la famine a mis en danger des populations terrorisées par les massacres. L'abdication de Nicolas II en 1917, les bolcheviks, les Rouges, prennent le pouvoir. Comment les Blancs ont-ils pu perdre une guerre dont ils étaient vus tant de fois comme vainqueurs ? Les Blancs, des garnisons proscrits de l'ancienne armée, notamment Denikine, Koltchak, Wrangel, organisent la lutte pour le retour du régime tsariste. Leur action prend naissance dans le sud du pays puis s'étend jusqu'en Sibérie. Face à la terreur rouge et blanche qui s'abat sur eux, les paysans se révoltent contre les réquisitions des récoltes et la conscription imposée, souvent appuyés par des bandes de pillards partisans. Les Verts, comme on les appelle, se battent également contre les Blancs et les Rouges. Le pays est en plein chaos. Mais les Blancs connaissent des divisions politiques et militaires. Devant l'ampleur des menaces, le gouvernement bolchevique proclame la mobilisation générale et obligatoire. Trotsky prend la direction de l'Armée rouge qui passe d'un million d'hommes en 1918 à plus de cinq millions en 1920 et limite les unités. Après les autres armées blanches, les dernières forces blanches rassemblées en Crimée par le général Wrangel sont battues par l'Armée rouge en novembre 1920. Ces années d'affrontements, d'exactions et de terreur font des millions de morts parmi les troupes et la population, victimes des combats de la famine, des pestes et de la faim. La richesse inégalable de ces sources inconnues en France fait de ce livre non seulement un récit unique des coulisses de l'histoire, mais aussi un rapport sur le vif du quotidien des hommes et des populations, une image sans retouches de la réalité historique mais aussi une synthèse magistrale sur cet épisode tragique de l'histoire russe. **La guerre civile russe** Alexandre Jevakhoff, 2017 Prolongement de la révolution russe d'Octobre 1917, la guerre civile rassemble l'ensemble des éléments qui déchirent l'ancien Empire russe durant plus de cinq années. Elle ne se réduit pas simplement à la prise du pouvoir par les bolcheviks ni même à l'opposition entre révolutionnaires Rouges dont les courants sont multiples et les affrontements sanglants et Blancs partisans du retour au régime tsariste tout

Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916-1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
