motivations Offstage haters These people simply want solutions to their problems They complain via legacy channels where the likelihood of a response is highest phone e mail and company websites Offstage haters don't care if any one else finds out as long as they get answers Onstage haters These people are often disappointed by a substandard interaction via traditional channels so they turn to indirect venues such as social media online review sites and discussion boards Onstage haters want more than solutions they want an audience to share their righteous indignation Hug Your Haters shows exactly how to deal with both groups drawing on meticulously researched case studies from businesses of all types and sizes from around the world It includes specific play books and formulas as well as a fold out poster of the Hatrix which summarizes the best strategies for different situations The book is also filled with poignant and hilarious examples of haters gone wild and companies gone crazy as well as inspirational stories of companies responding with speed compassion and humanity Whether you work for a mom and pop store or a global brand you will have haters and you can't afford to ignore them Baer's insights and tactics will teach you how to embrace complaints put haters to work for you and turn bad news into good outcomes
