History Education Christine Counsell, Katharine Burn, Arthur Chapman, 2016-10-06 MasterClass in History Education draws on international research and practice to present effective and engaging approaches for history teachers who want to explore the ways in which reading research and reflection can support the development of history teaching and learning in the classroom At the heart of the book is a series of professional enquiries carried out by experienced history teachers working in a range of contexts Each history teacher addresses clear questions arising from their practice and together they illustrate various approaches to data collection data analysis and argument These history teachers also show how they drew on diverse scholarship in history and history education including many publications by other history teachers In eight further chapters other experts ranging from practitioner scholars to researchers in diverse fields such as history history education teacher education teacher research and curriculum theory reflect on the distinctive insights that these teachers offer and explore connections with their own fields The combination of perspectives and the depth of knowledge of the varied contributors reveal the importance of different kinds of relationship between theory and practice The links between classroom realities

and research and the critical use of different kinds of text will support history teachers in developing their practice and professional voice

Pearson Edexcel A-level Psychology Student Guide 1: Foundations in psychology Christine Brain, 2020-03-02 Reinforce understanding throughout the course with clear topic summaries and sample questions and answers to help students target higher grades Written by experienced teacher and subject expert Christine Brain our Student Guides are divided into two key sections content guidance and sample questions and answers Content guidance will Develop understanding of key concepts and terminology this guide covers foundations in psychology social psychology cognitive psychology biological psychology and learning theories Consolidate knowledge with knowledge check questions at the end of each topic and answers in the back of the book Sample questions and answers will Build understanding of the different question types so that students can approach each question with confidence Enable students to target top grades in Paper 1 with sample answers and commentary explaining exactly why marks have been awarded
