Dakake, Daniel A. Madigan, 2021-09-30 The Routledge Companion to the Qur'an offers an impressive and comprehensive overview of the formative scripture of Islam Including a wide number of scholarly approaches to the Qur'an by both established authorities and emergent voices the 40 chapters in this volume represent the latest word on the academic understanding of the Muslim scripture The Qur'an is spoken of in scholarship across disciplines it is the beating heart of a living community of believers it is a work of beauty and a basis for art and culture it is a profoundly significant historical artifact and it is a mysterious survivor from the Late Ancient Arabic speaking world This Handbook accompanies the reader into the many worlds that the Qur'an lives in from its ancient settings to its internal drama and through the 1 400 years of discussion and debate about its meaning Bringing diverse approaches to the Qur'an together in one volume The Routledge Companion to the Qur'an represents the vibrancy of the field of Qur'anic Studies today This Handbook is essential reading for students and researchers in religious studies and Islamic studies It will also be very useful for those in related fields such as area studies sociology anthropology and history **Islamic Psychoanalysis and Psychoanalytic Islam** Ian Parker, Sabah Siddiqui, 2018-12-14 This pioneering volume brings together scholars and clinicians working at the intersection of Islam and psychoanalysis to explore both the connections that link these two traditions as well as the tensions that exist

between them Uniting authors from a diverse range of traditions and perspectives including Freudian Jungian Lacanian Object Relations and Group Analytic the book creates a dialogue through which several key questions can be addressed How can Islam be rendered amenable to psychoanalytic interpretation What might an Islamic psychoanalysis look like that accompanies and questions the forms of psychoanalysis that developed in the West And what might a psychoanalytic Islam look like that speaks for and perhaps even transforms the forms of truth that Islam produces In an era of increasing Islamophobia in the West this important book identifies areas where clinical practice can be informed by a deeper understanding of contemporary Islam as well as what it means to be a Muslim today It will appeal to trainees and practitioners of psychoanalysis and psychotherapy as well as scholars interested in religion and Islamic studies **The**

Perplexity of a Muslim Woman Olfa Youssef, 2017-03-08 Using the methodology of modern scholars in the fields of Arabic lexicography linguistics and psychoanalysis Tunisian feminist scholar Olfa Youssef investigates the rulings about inheritance marriage and homosexuality in the Qur'anic text itself and compares them with the interpretations provided by male Muslim theologians and legal scholars from medieval times to the present In this book she makes five central arguments 1 There is a discrepancy between the layered signification in the Qur'anic text itself and the sutured explanations by religious scholars which have been enacted into law in many Muslim countries today 2 the plurality of meanings is the quintessential essence of the Qur'an as evidenced in the absence of any sura over which there was unanimous agreement among Muslim scholars 3 when male privilege was at stake male legal scholars to protect their own interests ignored the divine text and based their rulings on human consensus 4 Muslim medieval views on gender and homosexuality were more tolerant than contemporary ones and finally 5 preferring indeterminacy and perplexity over the finality and certainties found in the judgements of male theologians Youssef argues that only God knows the Qur'an's true meaning Her job as a Muslim female scholar is only to raise questions over those human interpretations that many Muslim societies mistake for divine will **Le Coran - Essai de**

traduction Jacques Berque, 2020-09-02 Seize années de travail et une vie entièrement consacrée à l'étude de l'islam avaient été nécessaires au professeur Jacques Berque pour proposer un essai de traduction du Coran expression laquelle il tenait pour marquer le caractère toujours inachevé de ce travail la fois savante et littéraire cette œuvre monumentale témoignant d'une intime familiarité avec le monde arabe et la tradition de l'islam fut saluée comme un événement pour l'approche de cette culture par le public francophone Après quatre ans de travail supplémentaires Jacques Berque améliorera son texte en y apportant des centaines de retouches d'après les remarques de lecteurs rudes et particulièrement celles de cheikhs de l'Islam Cette édition définitive publiée quelques mois avant sa disparition nous fait redécouvrir le Coran dans le souffle de ses origines ouvrant les perspectives d'un islam clair, ouvert et raisonnable auraient toutes deux leur place L'originalité de cette œuvre est aussi signifiée par l'essai qui suit le texte sacré que Jacques Berque considérait comme indissociable de la traduction elle-même et qui nous dit ce que doit être l'acte de lecture d'un tel texte Jacques Berque 1910-1995 titulaire de la chaire d'histoire sociale de l'Islam

contemporain au Collège de France de 1956-1981 a été l'un des plus grands islamologues français. Il a notamment publié chez Albin Michel *Musiques sur le fleuve* (1996), *Une cause jamais perdue* (critiques politiques, 1998) et *Relire le Coran* (1993).

Le Coran expliqué Ghaleb Bencheikh, 2018-11-29. Beaucoup de préjugés qui déclenchent les passions circulent concernant le livre sacré de l'islam. Et le parcourir ne suffit pas toujours à dissiper les idées fausses sur son sujet, d'autant qu'il faut du clairage et de repères pédagogiques. Ce guide de référence.

Islamic Feminism Lana Sirri, 2020-11-29. This book sets out a rationale for the compatibility of Islam and Feminism and shows that Islamic Feminism is a diverse and valuable lens through which to analyse religion and gender. In addition, including scholarship written in Arabic, it promotes the decolonisation of knowledge production around Islam, gender and sexuality. Islamic feminism is a field of study that has been marginalised both in contemporary Islamic discourse and in feminist discourse. This study counters this marginalisation in two ways. Firstly, it enumerates the diversity of approaches used in Islamic feminist scholarship. Secondly, it foregrounds voices that are often neglected in discussions of Islam, gender and sexuality by highlighting and contrasting the work of two key scholars: Kecia Ali based in the USA and Olfa Youssef based in Tunisia. The book suggests that, in addition to geopolitical positioning, language as a prior text also influences an individual's personal interpretation of Islamic feminism. This comparison therefore enables broader issues to be dissected, such as the interrelationships between life experiences, strategies of resistance to patriarchal and other forms of oppression, and the production of knowledge. This is a unique study of Islamic Feminism that will be of great use to any scholar of Religion and Gender, Islamic Studies, Gender Studies and the Sociology of Religion.

Un islam reconcilié avec les chrétiens arabes Guy-Raymond Sarkis, 2022-02-07. L'auteur part du principe que les racines du vieux contentieux entre l'islam et le christianisme ont des apparences politiques et socio-économiques mais sont en réalité d'ordre structurel. L'intolérance se fonde sur une certaine vision de Dieu, une compréhension de la foi et une lecture du Livre saint. Il puise donc dans les écrits de Mgr Georges Khodr, un pasteur et théologien arabe, quelques propositions herméneutiques et théologiques parmi les multiples recommandations pour un meilleur vivre ensemble islamo-chrétien au Moyen-Orient. Parmi ces propositions, il y a un appel à revisiter le passé en approfondissant quelques notions fondamentales comme les propriétes de la civilisation arabe, l'identité des Nassarah mentionnés dans le Coran et le rôle des chrétiens arabes dans les croisades. La deuxième proposition herméneutique est un appel à revivifier des lectures nouvelles du Livre de l'islam qui favorisent une religion laïque, fidèle à ses origines et ouverte aux réalités nouvelles du monde. Parmi les propositions théologiques, Khodr invite d'abord à la rencontre autour du Christ et de sa mère, des figures qui peuvent susciter une proximité affective et spirituelle entre les fidèles des deux religions et appelle ensuite les musulmans à regarder la crucifixion comme l'accomplissement de l'appel coranique à l'islam, obéissance, soumission absolue et inconditionnelle à Dieu. L'auteur approfondit les propositions khodriennes en vue de les confirmer, de les rejeter ou de les nuancer et soumet son tour de nouvelles propositions et ouvertures.

Women's Activism in Africa Balghis Badri,Aili Mari Tripp,2017-02-15 Throughout Africa growing numbers of women are coming together and making their voices heard mobilising around causes ranging from democracy and land rights to campaigns against domestic violence In Tanzania and Tunisia women have made major gains in their struggle for equal political rights and in Sierra Leone and Liberia women have been at the forefront of efforts to promote peace and reconciliation While some of these movements have been influenced by international feminism and external donors increasingly it is African women who are shaping the global struggle for women s rights Bringing together African authors who themselves are part of the activist groups this collection represents the only comprehensive and up to date overview of women s movements in contemporary Africa Drawing on case studies and fresh empirical material from across the continent the authors challenge the prevailing assumption that notions of women s rights have trickled down from the global north to the south showing instead that these movements have been shaped by above all the unique experiences and concerns of the local women involved
