New Funding Model to Streamline University Education - PS

President Ferdinand R. Marcos Jr. has announced a new funding model for the University of the Philippines (UP) to streamline university education. The new model, which is part of the President's Strategic Plan (PSP), aims to improve the quality of education and reduce the financial burden on students and their families. The new model will involve a more direct flow of funds from the government to the university, bypassing the Department of Education (DepEd). This will allow the university to have more control over its budget and to allocate funds more effectively to improve its facilities, faculty, and student services.
