The PEAKS Method M. Morrison, 2025-10-02 Transform Your Industry Expertise Into AI Success You ve spent years mastering your field You understand the nuances challenges and what actually works in the real world You know which processes drive results and which create bottlenecks You can spot inefficiencies others miss and understand the unwritten rules that determine success Now it s time to put that hard earned knowledge to work with AI without waiting for tech teams or expensive consultants who don t understand your business AI Implementation The PEAKS Method is the practical guide that bridges the gap between your domain expertise and successful AI integration This isn t theoretical framework written by academics who ve never run real projects It s a proven methodology designed specifically for experienced professionals who know their industry inside and out The Challenge You re Facing Your organization buzzes with AI enthusiasm but vendors and consultants don t understand your world They throw around technical terms but miss operational realities seasonal variations regulatory constraints and workflow dependencies that make or break implementations You know AI has tremendous potential but most initiatives fail because they re led by people who don t understand the business What Makes This Different Built for domain experts Leverage what you already know instead of starting from scratch Learn to identify

opportunities through your operational lens Real world tested The PEAKS method has been refined through actual implementation projects across industries not academic theory Actionable from day one Clear steps you can take immediately regardless of technical background Results focused Drive measurable outcomes using your existing operational knowledge The PEAKS Method P Profile your Domain Expertise Systematically catalog your operational knowledge to identify AI opportunities E Evaluate AI Capabilities Assess what AI can realistically accomplish in your specific context A Align Strategic Priorities Ensure AI initiatives support business objectives and secure stakeholder buy in K Knowledge Building Only learn the AI solutions you will use in your implementation S Strategic Implementation Execute and scale AI solutions that deliver measurable business value Whether you re in manufacturing healthcare finance retail or any other field you ll discover how to identify the right AI opportunities build stakeholder buy in and execute initiatives that deliver real value No PhD in computer science required Stop Waiting Your competitors are already exploring AI Some invest millions in initiatives that fail because they lack operational insight Others succeed because they ve learned to leverage their domain expertise The question isn t whether AI will reshape your field it s whether you ll lead that transformation or watch from the sidelines Ready to turn your domain mastery into competitive advantage **The Supernova Multiplier** Robert D.
