## **Gods Own Country:**

*The Gods of The God's Own Country: THEYYAM* Saji Madapat, Tiger Rider, EPM Mavericks, 2025-01-14 The Gods of God's Own Country is a reminder of a forgotten culture and the communities surrounding it. Theyyam is a Dravidian ritual art form of Kerala, India. God's own country. This book provides detailed information about Theyyam, beautiful images and hundreds of stories. We dedicate this book to the Theyyam artists, the veritable gods of the People by the People for the People. The author had the amazing grace of chasing the light with his camera during his management consulting and volunteer roles, embarking upon expeditions in and around twenty countries over the past three decades. However, he has yet to catch sight of a place where over 500 gods descend upon the earth during a single season. Sandwiched between the Western Ghats mountain range, a UNESCO World Heritage Site, and the queenly Arabian sea carpeted by natural greenery, the hilly terrains of North Malabar open its off-beat paths for the Theyyam Gods to embrace the gods' forsaken disciples. Thanks to those Theyyam Gods, the Malabar corner is that truly shining city on a hill. These gods double up as costume designers, painters, musicians, artisans, drummers, and choreographers. They transcend the human realms and have burgeoned into a mystical form where they endure blazing fires and carry hefty costumes effortlessly. The Gods of The God's Own Country takes you on a whirlwind ride into the dense history and astonishing versatility of Theyyam, the ritual dance of the glistening cities atop the Malabar Hills of God's Own Country, Kerala. It is rich in captivating images of Theyyam and storytelling. The book's second part embarks on the Herculean task of covering the centuries-old mesmerizing 101 Theyyam stories. Like the Blues in the Mississippi Delta, using song and dance, the Thottam and Theyyam express the melancholy of the Dravida natives of God's Own Country, submerged under the 5000-year-old Chaturvarnya caste system. A true divine rebellion against mighty unjust systems, their stories and art pluck a string in our own hearts today.

Daeley, 2025-03-07 This volume presents original essays on the ideas of philosophical optimism and the best possible world. It highlights the historical and philosophical nuances of an idea that remains under-treated within the literature despite its long and influential history. Optimism broadly the thesis that God does the best or that this is the best possible world is often associated with the philosophy of Gottfried Wilhelm Leibniz. However, there exists a rich tradition of philosophical optimism not only after Leibniz but before him as well. The chapters in this volume address the philosophical nuances of optimism within the ancient, medieval, enlightenment, modern and contemporary eras. They cover a variety of thinkers ranging from Plato, Aquinas, Rousseau, Voltaire, Jonathan Edwards, the new optimists of 19th century France and the non-theistic optimists of the 20th century. Optimism and the Best Possible World will be of interest to scholars and advanced students working in philosophy of religion, history of philosophy, religious history and intellectual history      The Gods Must Be Crazy! Tiger Rider, Saji Madapat, EPM Mavericks, 2022-02-15 It's halftime America. Ay Yi Yai Yi. We are in the middle of The New World Order. Empires rise, decline and fall. History has witnessed this cycle with the Romans, the Ottomans and the British. They have all toppled and if we are not careful, the US will be the next. Many of today's enterprises are a gaggle of debt-addicted, extreme financial engineering frogs floundering in tepid snake oil. Unfortunately, many will find their demise in the clutches of IP vultures. If we don't play our trump cards right, the next voracious Empire, the Middle Kingdom of China, will consume us, sending their errand boys to collect bills from the US and over a hundred other countries that it has economically and digitally colonized since the Economic Tsunami of 2008 through Belt and Road Initiative (BRI) to its Digital Silk Road (DSR). Make Enterprise Great Again digs into the foundations of capitalism and traces the ideals, triumphs and zeitgeist of the Roosevelt years in order to Build Back Better and to save us from the impending Fourth Reich. Yeah, It's halftime America.
