Leading Change in Your School Douglas B. Reeves, 2009-04-14 Guiding schools through significant change is one of the toughest challenges educational leaders face but learning from the examples of those who have succeeded can make it less daunting In *Leading Change in Your School* distinguished author and researcher Douglas B Reeves offers lessons learned through his work with educators in thousands of schools around the world and presents real life examples of leaders who have met the challenge of change head on with impressive results for their schools and districts Readers will also find practical resources for engaging their colleagues in change initiatives Expanding on a number of his columns in the journal *Educational Leadership* Reeves offers insights and recommendations in four areas Creating conditions for change including assessments to determine personal and organizational readiness for change Planning change including cautionary notes about strategic planning Implementing change including the importance of moving from rhetoric to day to day reality and Sustaining change including the need to reorient priorities and values so that individual convenience gives way to a shared sense of the greater good The change leaders both teachers and administrators whose stories Reeves tells come from varied districts but they share a passion for creating schools that work for all students They are Reeves says people like you sharing similar challenges but perhaps with different results

The Schenley Experiment Jake Oresick, 2017-04-14 The Schenley Experiment is the story of Pittsburgh's first public high school a social incubator in a largely segregated city that was highly even improbably successful throughout its 156 year existence Established in 1855 as Central High School and reorganized in 1916 Schenley High School was a model of innovative public education and an ongoing experiment in diversity Its graduates include Andy Warhol actor Bill Nunn and jazz virtuoso Earl Hines and its prestigious academic program and pensions lured such teachers as future Pulitzer Prize winner Willa Cather The subject of investment as well as destructive neglect the school reflects the history of the city of Pittsburgh and provides a study in both the best and worst of urban public education practices there and across the Rust Belt Integrated decades before *Brown v Board of Education* Schenley succumbed to default segregation during the white flight of the 1970s it rose again to prominence in the late 1980s when parents camped out in six day long lines to enroll their children in visionary superintendent Richard C Wallace's reinvigorated school Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh officials closed the school in 2008 citing over 50 million in necessary renovations a controversial event that captured national attention Schenley alumnus Jake Oresick tells this story through interviews historical documents and hundreds of first person accounts drawn from a community indelibly tied to the school A memorable important work of local and educational history his book is a case study of desegregation magnet education and the changing nature and legacies of America's oldest public schools

The Old Boys David Turner, 2015-04-28 To many in the United Kingdom the British public school remains the disliked and mistrusted embodiment of privilege and elitism They have educated many of the

country's top bankers and politicians over the centuries right up to the present including the present Prime Minister David Turner's vibrant history of Great Britain's public schools from the foundation of Winchester College in 1382 to the modern day offers a fresh reappraisal of the controversial educational system Turner argues that public schools are in fact good for the nation and are presently enjoying their true Golden Age countering the long held belief that these institutions achieved their greatest glory during Great Britain's Victorian Era Turner's engrossing and enlightening work is rife with colorful stories of schoolboy revolts eccentric heads shocking corruption and financial collapse His thoughtful appreciation of these learning establishments follows the progression of public schools from their sometimes brutal and inglorious pasts through their present incarnations as vital contributors to the economic scientific and political future of the country

The Civic Mission of Museums Anthony Pennay, 2020-12-15 Museums have long sought to maintain relevance in the daily lives of their communities Over the past several decades museums have shifted as a field from a focus on collections to a focus on connecting with audiences More recently museums must confront political polarization and a decreasing sense of trust in nearly every public institution As a result few institutions are better positioned to serve the country than museums In fact polls show that museums rank among the most trusted institutions in the country regardless of political belief During tumultuous times this trust means that museums have a unique and important responsibility to fulfill their civic mission A century ago John Cotton Dana argued that the most important thing a museum can do is produce a public benefit The Civic Mission of Museums argues that museums play an essential role in the cultivation of engaged and informed citizens The book outlines a spectrum of civic learning that includes civic knowledge civic mindset civic skillset and civic action It offers concrete examples of impactful civic programming exhibits and public engagement from a diverse set of museums It ends with a practical toolkit gleaned from across the country for museum professionals to utilize

The Malfunction of US Education Policy Richard P. Phelps, 2023-03-20 A 2023 Choice Reviews Outstanding Academic Title The Malfunction of US Education Policy Elite Misinformation Disinformation and Selfishness biased and inefficient information dissemination that has degraded US education research and policy since the year 2001 when a series of unfortunate disruptions began first the No Child Left Behind NCLB Act and federal imposition of an idiosyncratic and ineffectual testing program second the big bang reorganization of the US education testing industry from a stable cooperative oligopoly run by psychometricians to a commercially competitive free for all with more opportunist and customer pleasing ambitions and third the Common Core standards which mandated homogenous lower content standards onto the still required NCLB testing structure Billions from the federal government and wealthy foundations have transformed many once independent national education organizations into cargo cult dependents and promoters of the new order intolerant of divergent points of view The research and policy brain trust responsible comprised an alliance of convenience among two citation cartels of establishment and reform scholars and politicians and an astonishingly cooperative and unskeptical group of journalists It succeeded in focusing attention on their work while diverting attention away from a much larger universe of others work by ignoring dismissing or demeaning it that included a century's worth of mostly experimental scholarship in the fields of psychology and program evaluation

Dark Mirror Barton Gellman, 2020-05-19 From the three time Pulitzer Prize winning author of the New York Times bestseller Angler who unearthed the deepest secrets of Edward Snowden's NSA archive the first master narrative of the surveillance state that emerged after 9 11 and why it matters based on scores of hours of conversation with Snowden and

groundbreaking reportage in Washington London Moscow and Silicon Valley Edward Snowden chose three journalists to tell the stories in his Top Secret trove of NSA documents Barton Gellman of The Washington Post Glenn Greenwald of The Guardian and filmmaker Laura Poitras all of whom would share the Pulitzer Prize for Public Service Poitras went on to direct the Oscar winning Citizen Four Greenwald wrote an instant memoir and cast himself as a pugilist on Snowden s behalf Barton Gellman took his own path Snowden and his documents were the beginning not the end of a story he had prepared his whole life to tell More than 20 years as a top investigative journalist armed him with deep sources in national security and high technology New sources reached out from government and industry making contact on the same kinds of secret anonymous channels that Snowden used Gellman s old reporting notes unlocked new puzzles in the NSA archive Long days and evenings with Snowden in Moscow revealed a complex character who fit none of the stock images imposed on him by others Gellman now brings his unique access and storytelling gifts to a true life spy tale that touches us all Snowden captured the public imagination but left millions of people unsure what to think Who is the man really How did he beat the world s most advanced surveillance agency at its own game Is government and corporate spying as bad as he says Dark Mirror is the master narrative we have waited for told with authority and an inside view of extraordinary events Within it is a personal account of the obstacles facing the author beginning with Gellman s discovery of his own name in the NSA document trove Google notifies him that a foreign government is trying to compromise his account A trusted technical adviser finds anomalies on his laptop Sophisticated impostors approach Gellman with counterfeit documents attempting to divert or discredit his work Throughout Dark Mirror the author describes an escalating battle against unknown digital adversaries forcing him to mimic their tradecraft in self defense Written in the vivid scenes and insights that marked Gellman s bestselling Angler Dark Mirror is an inside account of the surveillance industrial revolution and its discontents fighting back against state and corporate intrusions into our most private spheres Along the way it tells the story of a government leak unrivaled in drama since All the President s Men
