One More Thing: Now in its Second Edition, the first edition of this book attracted the following praise: "I gave it five stars because it is full of information that I never expected to exist. I found the book concise and structured in a way that made it easy for me to get the information I needed. Easy to read, well illustrated, can't say much more than that. Worth the price. Grandsons were waiting for a help call, but I could manage without them for a change. Book is clear and very helpful indeed. A very helpful guide to get to grips with the Nexus 5.
