#### **The New Politics of Strategic Resources** David Steven,Emily

O'Brien,Bruce D. Jones,2014-11-21 Since 2008 energy and food markets those most fundamental to human existence have

remained in turmoil Resource scarcity has had a much bigger global impact in recent years than has been predicted with ongoing volatility a sign that the world is only part way through navigating a treacherous transition in the way it uses resources Scarcity and perceptions of scarcity increase political risks while geopolitical turmoil exacerbates shortages and complicates the search for solutions The New Politics of Strategic Resources examines the political dimensions of strategic resource challenges at the domestic and international levels For better or worse energy and food markets are shaped by perceptions of national interest and do not behave as traditional market goods So while markets are an essential part of any response to tighter resource supplies governments also will play a key role David Steven Emily O'Brien Bruce Jones and their colleagues discuss what those roles are and what they should be The architecture for coordinating multilateral responses to these dynamics has fallen short raising questions about the effective international management of these issues Politics impede here too as the major powers must negotiate political and security trade offs to cooperate on the design of more robust international regimes and mechanisms for resource security and the provision of global public goods This timely volume includes chapters on major powers United States India China and key suppliers Russia Saudi Arabia The contributors also address thematic topics such as the interaction between oil and state fragility the changing political dynamics of climate change and the politics of resource subsidies

Public Sector Marketing Communications Volume I Ogechi Adeola, Paul Katuse, Kojo Kakra Twum, 2022-10-03 African nations are seeking ways to build strong institutions that are development oriented and people centred Extant literature has reported the negative consequences of ineffective government communications with the public In response this book the first of a two volume edited work focuses on marketing communication themes related to branding public relations trade fairs and exhibitions and public sector communications Public sector marketing communication plays a crucial role in bridging the gap between society and the government Building a relationship with the public through appropriate communication tools and platforms is sacrosanct to restoring public sector image and trust The book supports this effort by sharing conceptual and theoretical research towards the marketisation of Africa's public sector as it strives to become an effective partner with the public it serves Together with the second volume which focuses on traditional and digital perspectives this collection fills an existing information gap that is evident in Africa's public sector

Green Energy Dustin Mulvaney, 2010-05-04 This initial volume in the SAGE Series on Green Society provides an overview of the social and environmental dimensions of our energy system and the key organizations policy tools and technologies that can help shape a green energy economy Each entry draws on scholarship from across numerous social sciences natural and physical sciences and engineering The urgency of climate change underscores the importance of getting the right technologies policies and incentives and social checks and balances in place This reference resource will prepare those with a sparking interest in the topic to participate in what will hopefully become an equitable and intergenerational conversation about the impacts of our energy consumption and how to make it cleaner and greener Via its 150 signed entries
