

Emergency Department Coding Policy

Emergency department (ED) physicians within each clinical specialty, department, or unit will submit accurate (and fully reflecting) codes to the hospital's coding department for subsequent diagnosis submission to the system. The coding department will be responsible to offer each code's description, correct or incorrect status and suggest correct code changes when needed. When codes are not correct, the coding department will submit the correct code to the system and suggest the appropriate code change and provide the correct code to the physician.
