Health Jane's husband Robert Butts shares with us the intimate story of Jane's final days and the exquisite teachings that Seth gave during that time In an examination of the miracle of life in a human body Seth speaks about Why medicine and therapy often perpetuate illness How the practice of naming diseases can work against us The influence of religion in creating disease How children's health is influenced by parents beliefs Humor as an effective factor in healing Includes 8 page photo gallery Do not think of the mind as a purely mental entity and of the body as a purely physical one Instead think of both mind and body as continuing interweaving processes that are mental and physical at once Your thoughts actually are quite as physical as your body is and your body is quite as nonphysical as it seems to you your thoughts are You are actually a vital force existing as a part of your environment and yet apart from your environment at the same time Jane Roberts speaking for Seth in The Way Toward Health The Unknown Reality, Volume One Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks and The Nature of Personal Reality In this mind stretching journey into the very frontiers of consciousness Seth reveals the multidimensional nature of the human soul In Seth Speaks Seth introduced the concept of probable realities in which our idle daydreams and unfulfilled impulses do take place in which all possible choices are fully experienced by other portions of the self Now in this first volume of The Unknown Reality Seth explains the dazzling labyrinths of unseen probabilities involved in any decision and how our awareness of these can enrich the waking life we know In a fascinating exploration of the cosmic web of our existence Seth reveals The purpose of dreams and how they are often fulfilled unconsciously Misconceptions about death and the afterlife How different probable realities intersect and influence one another The relationship between physical health and inner reality A series of exercises to help you discover the unknown portions of your greater identity The self is multidimensional when it is physically alive It is a triumph of spiritual and psychological identity ever choosing from a myriad of probable realities its own clear unassailable focus When you don't realize this then you project upon life after death all of the old misconceptions. The fact is that in life you poise delicately and yet perfectly between realities and after death you do the same Jane Roberts Speaking for Seth The **Individual and the Nature of Mass Events** Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks Speaking exclusively through Jane Roberts Seth has repeatedly stressed the concept that we create our own reality according to our individual beliefs But how do our realities merge and combine to form mass reactions such as the overthrow of governments the birth of a new religion wars epidemics earthquakes and new periods of art architecture and technology In this pioneering work Seth explores the connection between personal beliefs and world events He pinpoints the unconscious and often negative beliefs pervading science and religion medicine and mythology and offers thought provoking reflections on Darwinism Freudianism religions cults and medical beliefs With fascinating and inspiring implications Seth asserts that the personal impulses we are often taught to see as dangerous chaotic or contradictory are instead crucial to the best interests of the species and the natural world for they lead us to live not only as loving caretakers but as partners with other species Only

people who trust their spontaneous impulses can be consciously wise enough to choose from a myriad of probable futures the most promising events Jane Roberts Speaking for Seth The Nature of the Psyche Jane Roberts, 2011-07-08 Seth speaking exclusively through Jane Roberts reveals a startling new concept of self answering questions about the secret language of love human sexuality the real origins and incredible powers of dreams and how we choose our physical death sometimes years in advance For the first time Seth explains Why love is the basic language from which all others spring The bisexual nature of humanity and its biological and spiritual importance. He remains a constant source of knowledge and inspiration in my life Marianne Williamson I would like to see the Seth books as required reading for anyone on their spiritual pathway The amazing in depth information in the Seth books is as relevant today as it was in the early 70s when Jane Roberts first channeled this material Louise Hay New Age Metaphysics Paula J.
