Emotional Health And Wellbeing A Practical Guide For Schools

Gillian Shotton, Sheila Burton

Emotional Health And Wellbeing A Practical Guide For Schools:

Emotional Health and Well-being, 2004 Professor Cowie and her colleagues have produced a valuable tool for use in all schools on both micro and macro level Education Review The book is an impressive and useful handbook of advice and resources More than that because it presents so much evidence it is able to show rather than tell how schools can improve life for their pupils and teachers Gerald Haigh Times Educational Supplement Friday Magazine This book describes behaviours both disruptive and secretive which indicate emotional distress and presents a range of tried and tested strategies

Emotional Health and Well-Being Helen Cowie, Chrissy Boardman, Judith Dawkins, Dawn Jennifer, 2004-04-18 This publication is a valuable and timely contribution to the current investigations into the behaviours of children and young people that impact on their emotional health The book will serve as a practical guide for schools addressing the problem as they see it the case studies vividly illustrating situations and behaviours that teachers will readily recognise This is a well structured book It deserves to be read and can serve as a source of information on how various behaviours have been defined investigated and addressed It will be of value to any school much more than a topical or interesting read but as the basis of an institutional response to a problem seriously affecting educational achievement for individuals and schools It would particularly serve as a stimulus to in service training for teachers and support staff George Varnava Young Minds Magazine Each of the authors has considerable relevant expertise so the text is rich both in research data and examples including case studies from their experience Readers will find a wealth of practical advice and encouragement that is balanced by the acknowledgement of the limitations of individual interventions and the potential costs overt and hidden of each one A whole school approach is advocated and exemplified including schools that have considered the needs of the staff Child and Adolescent Mental Health This work would be of use throughout all age ranges as the different problems and strategies are very easily accessible with a lot of proven practical support Professor Cowie and her colleagues have produced a valuable tool for use in all schools on both micro and macro level Education Review The book is an impressive and useful handbook of advice and resources More than that because it presents so much evidence it is able to show rather than tell how schools can improve life for their pupils and teachers Gerald Haigh TES Friday Magazine This book is recommended for the wealth of practical information it contains about strategies that can help young people in distress Youth Studies Australia Secondary school is the place where young people are most constrained observed and challenged to develop This is not necessarily a stress free process either for the young person or for teachers and parents This book describes behaviours both disruptive and secretive which indicates emotional distress It looks at both the risk factors and the protective factors involved in emotional health and addresses the impact of issues such as bullying social exclusion loss and bereavement The authors show what schools can do to develop practices grounded in knowledge about the mental health issues which relate to young people In an accessible way they present a range of strategies which practitioners have shown to be effective They focus

especially on methods and policies which have been scientifically evaluated or which are considered best practice Issues and interventions are illustrated throughout with case studies drawn from the authors own practice and experience Each of the authors has a long standing interest in ways of creating supportive environments to prevent distress and to facilitate resilience in the young This book is essential reading for secondary school teachers educational psychologists education welfare officers and all those with pastoral care responsibilities **Wellbeing in the Primary Classroom** Adrian
