churches that can be and are vital places of ministry that matter Most are situated in areas where there are people outside any faith community and have great potential for ministry This Guideline will help you be an effective leader in your smaller church This is one of the twenty six Guidelines that cover church leadership areas including Church Council and Pastor Parish Relations the administrative areas of Finance and Trustees and ministry areas focused on nurture outreach and witness including Worship Evangelism S Church Laws and Ecumenism Norman Doe,2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity This book seeks to correct this ecumenical church law deficit It takes account of the recent formulation by an ecumenical panel of a Statement of Principles of Christian Law which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the Statement against the laws of these individual ecclesial communities The book will be an essential resource for scholars of law and religion theology and sociology It will also be of interest to those working in religious institutions and policy makers
