God S First:

God's First Truth Theron Miller,2000-01-20 Modern english of 1527 1534 Matthew s bible only the body of the text and only the books brought forth from the Hebrew and Greek *Identifying God* Edward C. Han,2008-05 Identifying God offers a biblical definition of the One True Deity This scriptural portrait of the character of God can be a tremendous help for new believers looking to foundationalize their faith It can also be beneficial for established believers by filling in some of the gaps in their personal faith Back cover The Works John Donne,1839 God and Caesar Stephen M. King,2002-10 Why I Am So Proud to Be a Black Man Michael,Ms. C,2013-03 In the beginning when God created the black man He gave all his wisdom to his first creations without boundaries and fears Unfortunately for far too long black men have been portrayed negatively in our society and by the daily rhetoric that surrounds us In their comprehensive study compiled with facts stories and historical experiences husband and wife team Mr Michael and Ms C illustrate to all black men that they should no longer feel degraded but instead be bursting with pride about their heritage Beginning with essays on life in Africa and the movement of the black man to the United States Mr Michael and Ms C transition into issues concerning the contemporary African American community providing a glimpse into the truth they hope will help black men gain a clearer vision of their race others and our planet By encouraging black men to face racial hatred and demand respect Mr Michael and Ms C lay a foundation intended to help all black men find the purpose of their existence Also included are biographies of famous black men who overcame obstacles and changed the world Why I Am So Proud to Be a Black Man shares the knowledge that can open the eyes minds and hearts of the African American community enabling all to embrace God s first primal purpose

The Tabernacling Presence of God Susan Booth,2015-09-18 Although a large majority of believers agree that they should share their faith most report that they in fact do not That s not really all that surprising given today s pluralistic cultural setting But maybe this same culture s longing for transcendence community and a place to call home points to a backstory that makes sense of it all If such a narrative exists it deserves a hearing and those who know and live this story have both the responsibility and privilege of sharing its message of hope The narrative of the Bible tells just such a story where God s purpose from the beginning has been to dwell or tabernacle in the midst of the people he has created This book traces the theme of God s tabernacling presence across Scripture reading the story afresh through a missional lens in order to gain insights for mission and gospel witness The hope is that readers will awaken wide eyed to the wonder of God s tabernacling presence in our midst that we will live in such a way that others recognize this reality and that we will boldly and joyfully share the good news of Jesus under the direction and power of his indwelling Spirit **The Images of God** Sterling T Clifton,2016-02 Human communication is often difficult and confusing and never more so than when we consider the Holy Bible Written by a series of human writers across thousands of years many find it difficult and confusing as well But God in His wisdom gave a key to understanding within the text itself God used the biblical writers to paint word pictures or

images to help us more fully understand His message of love and His plan for our salvation This book is about those images which can help readers find fresh tools to deepen and enrich their Christian walk Take the journey and experience The Images of God *The Trouble with "Truth through Personality"* Charles W. Fuller,2010-04-05 In an era when the cult of personality has overtaken the task of preaching Charles W Fuller offers an engaging query into the necessary boundaries between the person of the preacher and the message preached By thoroughly evaluating Phillips Brooks s classic truth through personality definition of preaching Fuller brings to light a substantial error that remains in contemporary homiletics namely the tenuous correlation between Christ s incarnation and Christian preaching Ultimately Fuller asserts a sound evangelical framework for preaching on revelational ontological rhetorical and teleological grounds Preachers who desire to construct pulpit practice upon a robust evangelical foundation will benefit from Fuller s contribution **God Has Come, He**

Is King The Church of Almighty God, Almighty God Christ of the last days has expressed a variety of truths uncovered every truth and mystery in the Bible and revealed to mankind the inside story of the three stages of God s work the mystery of God becoming flesh and God s work of judgment in the last days etc This testifies that Almighty God is the return of the Lord Jesus and that He is the appearance of God in the last days *Jonathan Edwards' Concerning The End for Which God Created the World* Walter J. Schultz,2020-01-20 This book is an exposition of Jonathan Edwards argumentation in his dissertation Concerning the End for Which God Created the World In addition to stating Edwards theses regarding God s end and motivation in creation this book identifies and discusses the assumptions of his argumentation analyses and explains its crucial components and explores its philosophical implications These implications include a version of exemplarism i e the nature of God s ideas for creation dispositionalism i e the characteristics of God which explain God s motivation and emanationism i e what God shares of himself with persons who have a living faith in Christ These entail a view of idealism i e a view of the ultimate ontological ground of the universe God s temporal nature continuous creationism i e how God sustains creation a version of panentheism i e how God who is infinite is related to creation from which God is absolutely distinct and occasionalism i e the nature of causation of physical events or states of creation These concepts and what they entail constitute a complete metaphysical system providing a thoroughgoing divine action understanding of the foundation of reality For Jonathan Edwards God s acting according to his plans for his purposes in Christ is fundamental to all things Were we to have an understanding of how the fundamental concepts of science mathematics and ordinary experience are related in reality to the God who acts for his original ultimate end in creation sustaining the universe while providentially guiding its affairs and working redemption we would have the opportunity to develop these as he had hoped he pointed the way for others to follow **The Mythic Past: Biblical Archaeology And The Myth Of Israel** Thomas L Thompson,2008-08-05

The Jewish people s historical claims to a small area of land bordering the eastern Mediterranean are not only the foundation for the modern state of Israel they are also at the very heart of Judeo Christian belief Yet in *The Mythic Past* Thomas

Thompson argues that such claims are grounded in literary myth not history Among the author's startling conclusions are these There never was a united monarch of Israel in biblical times We can no longer talk about a time of the Patriarchs The entire notion of Israel and its history is a literary fiction The Mythic Past provides refreshing new ways to read the Old Testament as the great literature it was meant to be At the same time its controversial conclusions about Jewish history are sure to prove incendiary in a worldwide debate about one of the world's seminal texts and one of its most bitterly contested regions

The Immediacy of God Douglas Vickers, 2009-05-13 The confessing church in our time treats lightly the doctrinal deposit of its theological inheritance The clamor of competition for the reconstruction of belief systems has too often neglected older and more secure moorings In a postmodern age that countenances individual belief idiosyncrasies and accords them sanctity the answer to the ordinary man's question What is the gospel is often clouded and confused Against doctrinal uncertainties and insecurities The Immediacy of God brings back into prominence a number of foundational issues related to the doctrines of God and salvation of theology and soteriology In doing so it anchors its thought structure in the basic apologetic presupposition that God is and in the fundamental hermeneutical principle of divine covenantal purpose The originality of Vickers' argument lies in its proposal of new perspectives on its chosen subject range and as it becomes necessary for the elucidation of biblical belief its critical response to proposals for new theological paradigms The organizing core of the book's argument is its proposition regarding the immediacy of God in his being his knowledge his will and his actions That core proposition spills its influence to aspects of human salvation On such levels questions are raised that strike to the heart of the meaning of the divinely instituted redemptive process Divine actions within that process are understood to be immediate rather than mediate Redemptive actions of God are immediate in the sense that no mediating causes exist between those actions and their effects and outcomes in the human condition

Religion? of God or Man? Wayne Talbot, 2019-02-09 Is there evidence for the existence of God defined as the transcendent entity responsible for all material existence The author believes that there is albeit such evidence is not necessarily proof for everyone In this two part study Wayne Talbot firstly presents the evidence that has convinced him that God is the most plausible explanation With a limited but sufficient understanding of the nature of existence in terms of energy matter space and time he demonstrates his primary axiom that nothing can explain itself The natural corollary of this is that scientists will never be able to explain the origins of material existence by examining the material itself An explanation of origins must always lie outside the entity being examined This is why scientists cannot explain the origin of the proposed singularity and why some scientists seek an alternative to the Big Bang model of our universe even resorting to logical absurdities such as the universe creating itself out of nothing while in the presence of something With the reality of God being his presupposition for what follows the author examines the case for monotheistic religions versus polytheistic concluding that the latter are antithetical to a God who is one Left with a choice between Judaism Christianity and Islam he concludes that if God has communicated his guidance for

living to any it is most likely Judaism as recorded in the Hebrew scriptures The question becomes Which parts of those scriptures were intended for the children of Israel alone and which were for all people for all time Researching ever deeper he reveals what he has come to believe about how God wants us to relate to him and the specific guidance that should be reworded for contemporary times The spirit of Torah is so much more than the mere words

Discovering the Mission of God Mike Barnett, Robin Martin, 2012-07-03 Written by a team of 21st century scholar practitioners Discovering the Mission of God explores the mission of God as presented in the Bible expressed throughout church history and in cutting edge best practices being used around the world today
