Offering future school librarians teachers and working librarians an alternative to lengthier textbooks on children s literature this engaging book introduces readers to the most important genres and current conversations in the field while leaving them time to read children s literature directly As school librarian and teacher certification programs become more abridged students require succinct textbooks that still provide a valuable introduction to the field Working librarians need reference books that allow them to make good selections for their collections Students and professionals will appreciate The Children s Literature Selection Handbook K 8 because it offers a needed overview of the field while allowing for plenty of time to read children s literature Author Christie Kaaland s conversational tone speaks directly to readers and the book offers students a pathway to engage with literature directly and effectively scaffold their learning Beginning with an introduction to standard literary fiction genres including a discussion of literature trends and children s reading interests and needs the chapters turn to the most important genres fiction biography folk literature picture books informational texts poetry and graphic novels A focus on book series a deep discussion of graphic novels the inclusion of global literature and review sources for selection and information on publishers and the publishing industry set this timely book apart from others in the field Reader voices add perspective and charm This compact and engaging book is the perfect companion to the vast wealth of children s literature that future teachers and school librarians will read during their professional preparation and share with children and youth as working librarians

Grain World ,1916 **Along Parallel Lines** John Gunn,2014-02-28 Railways have played an immense part in the history of New South Wales The parallel lines extended as the population grew and themselves made possible new settlement and new industries Railways crossed the mountain barriers that surround Sydney and opened up both the vast hinterland and the northern and southern coasts Railways joined every part of New South Wales to Sydney in a distinctive centralized pattern They also joined New South Wales to the neighbouring colonies and states

Beyond Age Effects in Instructional L2 Learning Simone E. Pfenninger,David Singleton,2017-04-21 This book constitutes a holistic study of how and why late starters surpass early starters in comparable instructional settings Combining advanced quantitative methods with individual level qualitative data it examines the role of age of onset in the context of the Swiss

multilingual educational system and focuses on performance at the beginning and end of secondary school thereby offering a long term view of the teenage experience of foreign language learning The study scrutinised factors that seem to prevent young starters from profiting from their extended learning period and investigated the mechanisms that enable late beginners to catch up with early beginners relatively quickly Taking account of contextual factors individual socio affective factors and instructional factors within a single longitudinal study the book makes a convincing case that age of onset is not only of minimal relevance for many aspects of instructed language acquisition but that in this context for a number of reasons a later onset can be beneficial **The Billboard** ,1944
