### **CULTURAL AND LINGUISTIC DIVERSITY**

#### **PART 2 PERSPECTIVES ON DIVERSITY AND THE FAMILY**

Increasingly, diversity permeates every aspect of our lives. This is especially true when we speak of children, youth, and their families. If you have recently visited one or several of the public schools in your community, you will have seen firsthand what is taking place across the nation.

Public schools are places where all children come together to learn, to develop trust in one another, to reach their potential, and to become contributing community members. The opportunities and challenges of preparing the young for active participation in our democracy and other vital roles in our communities are both exciting and daunting. Diversity by definition connotes a very broad span of talents, needs, interests, and desires. Attending to all of these aforementioned elements across different cultures, languages, and belief systems is remarkably challenging. Diversity involves language, values, beliefs, individual and family aspirations, religious preferences and practices, dress, traditions, and different ways of thinking about life and its purposes.
