

Why Do Teachers Assign Student-Selected Presentations?

1

Get inspired

Choosing a presentation topic inspires students to look inside themselves and find a topic of interest.

2

Learn to do research

By gathering the information for the presentation, the student learns to do research and take notes.

3

Learn to prioritize

Organizing the research teaches the student to create an outline and choose what is pertinent information and what is not.

4

Fuel creative thinking

Creating the presentation slides opens up the student's creative performance.

5

Improve public speaking skills

Presenting the slides to the class prepares the student for public speaking in front of an audience.

PowerPoint for Teachers Ellen Finkelstein, Pavel Samsonov, 2007-10-12 This was written for teachers who want to use PowerPoint in the classroom to enhance your presentations teach your students how to use the application and create interactive educational projects

Break the Stigma: Autism Nichole E Scheerer ,April Hargreaves ,Catalina Sau Man Ng ,Matthew Daniel Lerner, 2024-12-17 While awareness of neurodiversity and specific forms of neurodivergence such as autism has increased over the last few years autism stigma and prejudice against autistic people remains a critical issue that warrants further attention and investigation The experience of stigma and prejudice such as discriminatory actions and attitudes towards autistic individuals on both a personal and public level can have many negative impacts across one s lifetime These experiences can lead people on the autism spectrum and their families to avoid seeking help which can delay diagnosis and access to supportive services of not only autism itself but also co occurring physical and psychological health needs Prejudiced beliefs against autistic people may lead to many forms of discrimination including but not limited to medical education and employment discrimination These attitudes can be built into society at a systemic level and influence policies that govern access to supports and our communities Additionally autism stigma and prejudice against autistic people such as stereotypical portrayals of autistic people in media and the language we use to describe autistic people can be invalidating to a person s autistic identity and to autistic culture Further the impacts of stigma and prejudice can be internalized by autistic individuals which may not only have poor effects on their wellbeing but also increase the want and or need to mask or camouflage to pass as non autistic Masking or camouflaging can reduce a person s sense of belonging self esteem sense of self worth and close relationships all of which are associated with poor outcomes It can also lead to avoidance of opportunities such as connection with other autistic individuals that could increase quality of life This Research Topic aims to showcase evidence on why the stigma surrounding autism and the prejudice against autistic people are so detrimental It hopes to provide insights into research and interventions on how stigma and prejudice can be tackled as well as awareness understanding and acceptance raised in the hope that the research presented will translate to best practice applications in clinical public health policy and community settings We invite researchers to submit a range of articles including but not limited to original research articles reviews meta analyses opinions perspectives and case reports to provide new evidence on the following Harmful impacts of stigma and prejudice on autistic people Interventions on reducing stigma surrounding and prejudice against autistic people Health promotion in autism i e approaches that increase the mental and physical well being of autistic people Interventions targeted at increasing understanding of autism and neurodiversity as well as increasing acceptance and advocacy of as well as allyship with autistic people Examining intersectionality in autism stigma and or prejudice towards autistic people of diverse backgrounds

100 Ideas for Early Years Practitioners: Observation, Assessment & Planning Marianne Sargent, 2018-05-03 100 Ideas for Early Years Practitioners Observation Assessment

Planning is not only filled with easy to implement and practical ideas for the early years classroom but it also demonstrates why assessment is an important formative tool to help further children's learning. In this book, early years expert and experienced author Marianne Sargent explains the cycle of observation, assessment and planning with advice on how to carry out different types of observation, guidance on how to make effective use of observations to assess children's knowledge and understanding and explanations for how to use this information to inform future planning. The book also offers ideas on how to carry out summative assessments as well as how to organise assessment information for reporting purposes. With the ever-increasing focus on observation, assessment and planning in the early years, this book is a must-have for all practitioners looking to effectively introduce all three into their setting while still ensuring the children in their care are in an environment where they can be confident, feel supported and still have fun as they grow and learn.

Visual Support for Children with Autism Spectrum Disorders Vera Bernard-Opitz, Anne Häussler, 2011. Combining their years of experience working with individuals on the autism spectrum, the authors bring practical ideas and teaching methods for offering visual supports to students with autism spectrum disorders.

100 Ideas for Primary Teachers: Art Adele Darlington, 2022-11-10. No matter what you teach, there is a 100 Ideas title for you. The 100 Ideas series offers teachers practical, easy-to-implement strategies and activities for the classroom. Each author is an expert in their field and is passionate about sharing best practice with their peers. Each title includes at least ten additional extra creative Bonus Ideas that won't fail to inspire and engage all learners. Adele Darlington shares 100 creative and innovative ideas to engage pupils in all areas of the primary National Curriculum for art. Featuring a whole host of step-by-step activities with tips, bonus ideas and resource lists, this book will help primary teachers develop pupils' knowledge and shape their attitudes towards creativity. From exploring mark-making through a musical Pen Disco to designing an eco-friendly home of the future, these fun activities cover drawing, painting, sculpture and learning about different artists and creative careers. Each idea uses accurate art terminology with clear explanations to ensure children are being exposed to key vocabulary and concepts. The ideas are ready to use and easy to follow for all primary teachers regardless of their experience or level of confidence in teaching art. Written by experts in their field, the 100 Ideas books offer practical ideas for busy teachers. They include step-by-step instructions, teaching tips and taking it further ideas. Follow the conversation on Twitter using #100Ideas.
