[How Technology Is Changing Human Behavior](#) C.G. Prado, 2019-04-18 Explains some of the ways in which technological advances are altering for better or worse large scale human behavior thought processes and critical thinking skills Recent technological advances from dating apps to artificial insemination from smart phones to portable computers that can instantly search the World Wide Web for information and from robots performing surgery to cars driving themselves once remarkable have become an unremarkable

part of our lives The team of authors of this book asks How are they changing us We all recognize that these innovations have altered our lives often making them easier but it is also important to ask if we have lost anything while we have gained from them The authors of *How Technology Is Changing Human Behavior Issues and Benefits* show that human behaviors and thinking skills are rapidly being reprogrammed by technology with even more developments on the horizon sure to further alter our future and shape our identity

Family-Making Françoise Baylis,Carolyn McLeod,2014-07-03 This volume explores the ethics of making or expanding families through adoption or technologically assisted reproduction For many people these methods are separate and distinct they can choose either adoption or assisted reproduction But for others these options blend together For example in some jurisdictions the path of assisted reproduction for same sex couples is complicated by the need for the partner who is not genetically related to the resulting child to adopt this child if she wants to become the child s legal parent The essays in this volume critically examine moral choices to pursue adoption assisted reproduction or both and highlight the social norms that can distort decision making Among these norms are those that favour people having biologically related children bionormativity or that privilege a traditional understanding of family as a heterosexual unit with one or more children where both parents are the genetic biological legal and social parents of these children As a whole the book looks at how adoption and assisted reproduction are morally distinct from one another but also emphasizes how the two are morally similar Choosing one the other or both of these approaches to family making can be complex in some respects but ought to be simple in others provided that one s main goal is to become a parent

[The Conformist Rebellion](#) Elena Louisa Lange,Joshua Pickett-Depaolis,2022-03-28 With the rise of myriad forms of identity politics which corresponds to a new Trinity Formula of leftist analysis of capitalism class race and gender major currents in the contemporary radical left in the past decades have shifted their aim This book addresses the ideological theoretical and practical dilemmas of the contemporary academic and activist left from a Marxist standpoint Covering contemporary developments in Left thought and ideology and putting them into social and historical

context the chapters provide a theoretical confrontation with the myriad ways it has tended to accommodate itself to neoliberal ideology rather than fundamentally opposing it The contrast between the Marxian emancipatory project and what the progressive left has made of it has never been more glaring than now a time in which capital no longer seems to confront a political barrier It is this predicament that *The Conformist Rebellion* evaluates for a renewed approach to emancipation from capital
