A Grammar of Iconism Earl R. Anderson, 1998 Literary criticism often includes ad hoc comments about onomatopoeia synaesthesia or other forms of iconism In *A Grammar of Iconism* Earl Anderson discusses these phenomena systematically According to Anderson modern post Saussurian linguistics has as its central tenet the arbitrariness of linguistic signs Thus linguistic elements that bear some relationship to their referent have been seen as marginal to the system of language or at best similar in their arbitrariness to other linguistic signs As an example of the latter while most languages have an onomatopoeic element different languages imitate sounds differently Anderson argues against the standard view provides a detailed critique of the negative arguments against iconism and offers a positive typology that demonstrates the extensiveness and complexity of iconism in language

Handbook of British Romanticism Ralf Haekel, 2017-09-11 The *Handbook of British Romanticism* is a state of the art investigation of Romantic literature and theory a field that probably changed more quickly and more fundamentally than any other traditional era in literary studies Since the early 1980s Romantic studies has widened its scope significantly The canon has been expanded hitherto ignored genres have been investigated and new topics of research explored After these profound changes intensified by the general crisis of literary theory since the turn of the millennium traditional concepts such as subjectivity imagination

and the creative genius have lost their status as paradigms defining Romanticism The handbook will feature discussions of key concepts such as history class gender science and the use of media as well as a thorough account of the most central literary genres around the turn of the 19th century The focus of the book however will lie on a discussion of key literary texts in the light of the most recent theoretical developments Thus the Handbook of British Romanticism will provide students with an introduction to Romantic literature in general and literary scholars with a discussion of innovative and groundbreaking theoretical developments

Modern Judaism and Historical Consciousness Christian Wiese, Andreas

Gotzmann, 2007-05-11 The volume composed by excellent scholars from different academic disciplines is a comprehensive handbook devoted to the complex relationship between modern Judaism and historical thinking in Europe the United States and Israel from the Enlightenment to the present Apart from analyzing the emergence of a new scholarly historical paradigm during this period the contributions interpret the interaction and the tensions between Jewish historiography and other disciplines such as literature theology sociology and philosophy describe the way historical consciousness was popularized and used for ideological purposes and explore the impact of different religious or secular identities on the historical representation of the Jewish past A final part envisions new theoretical and methodological concepts within the field including cultural studies and gender studies
