Winning French Minds Denis Courtois,2023-02-23 every chapter of Winning French Minds delivered something new not only because French language radio being a less frequented area of study but also due to the author s ability to tie these radio efforts to events surrounding the French people and events unfolding on the European geopolitical stage World War II Database World War II was very much a war of the radios A relatively new technology radio as a tool was exploited by all of the participants of the war to win the hearts and minds of the people and to steer public opinion The period 1940 to 1942 was the most volatile of the war with the Nazis capturing large parts of western Europe and dominating on the Eastern front At this time France was separated into two nominally independent zones and public opinion could easily have been swayed in favor of the New German Order This could have had potentially disastrous consequences for any future Allied attempt to liberate Europe and so the battle for French minds was launched using the new technology of radio This narrative of that campaign develops chronologically through a series of topics including major military incidents youth food family psychological warfare sports and work as presented by different radio stations in particular Radiodiffusion controlled by Vichy France Radio Paris controlled by the Nazis and the BBC offering a systematic comparative analysis of radio propaganda messages and building a vivid picture of the evolution of broadcasts in the context of the complex political and social impact of the war on the French population Using original primary sources from archives in Britain and France broadcast recordings radio magazines and interviews conducted by British Intelligence with those arriving from France during the war this is a fascinating and unique insight into wartime radio propaganda from 1940 to 1942 *Si c'est une femme* Sarah Helm,2016-04-06 Les femmes qui arrivaient parfois de nuit croyaient tre pr s de la c te car le vent y avait un go t de sel et elles sentaient le sable sous leurs pieds Quand venait le jour elles voyaient que le camp tait construit au bord d un lac et entour de for ts Himmler aimait que ses camps soient dans des lieux d une grande beaut naturelle et de pr f rence dissimul s Aujourd hui le camp est toujours hors de vue les horribles crimes qui y ont t commis et le courage des victimes restent largement ignor s De 1939 1945 au camp de Ravensbr ck 132 000 femmes et enfants furent les victimes silencieuses

Comment expliquer l'incroyable résistance du régime nazi au milieu des décombres ? C'est pour répondre ces questions que le grand historien britannique Ian Kershaw a entrepris ce vaste récit des derniers mois de la Seconde Guerre mondiale. L'obstination fanatique du Führer, l'emprise du parti nazi sur la population, la peur viscérale de l'armée Rouge mais aussi les choix stratégiques et militaires des Alliés sont quelques unes des hypothèses explorées dans ce livre qui est aussi une réflexion brillante sur les rouages du régime nazi au moment de son agonie. Traduit de l'anglais par Pierre Emmanuel Dauzat. Ian Kershaw est professeur d'histoire contemporaine à l'université de Sheffield. Il est l'auteur d'une monumentale biographie de Hitler. Flammarion 2000 et 2001 et a publié au Seuil *Choix fatidiques*. Dix décisions qui ont changé le monde 2009. Points Histoire 2012.

Women Artists in Interwar France Paula J. Birnbaum, 2017-07-05. Women Artists in Interwar France: Framing Femininities illuminates the importance of the Société des Femmes Artistes Modernes, more commonly known as FAM, and returns this group to its proper place in the history of modern art. In particular, this volume explores how FAM and its most famous members, Suzanne Valadon, Marie Laurencin, and Tamara de Lempicka, brought a new approach to the most prominent themes of female embodiment: the self-portrait, motherhood, and the female nude. These women reimagined art's conventions and changed the direction of both art history and the politics of their contemporary art world. FAM has been excluded from histories of modern art despite its prominence during the interwar years. Paula Birnbaum's study redresses this omission, contextualizing the group's legacy in light of the conservative politics of 1930s France. The group's artistic response to the reactionary views and images of women at the time is shown to be a key element in the narrative of modernist formalism. Although many FAM works are missing, one reason for the lack of attention paid to their efforts, Birnbaum's extensive research through archives, press clippings, and first-hand interviews with artists' families, reclaims FAM as an important chapter in the history of art from the interwar years.

Au cœur du Troisième Reich Albert Speer, 2011-04-06. Les mémoires d'Albert Speer sont un document exceptionnel, plus d'un titre témoignant d'un des plus hauts dignitaires nazis, il relate en détail le fonctionnement de l'appareil d'État vu de l'intérieur avec le langage de rationalité bureaucratique et de soumission arbitraire du chef qui le caractérise. Comment les décisions se prennent-elles, quel niveau, comment sont-elles appliquées ? Mais c'est aussi l'itinéraire d'un homme brillant.

architecte de talent qui est rapidement séduit personnellement par Hitler et qui va progressivement mettre son intelligence et ses compétences au service de la machine de guerre nazie et d'une idéologie totalitaire. Ce n'est que dans les tous derniers mois du régime que ses yeux se dessillent et qu'il manifeste quelques velléités d'indépendance. Il aura auparavant comme ministre de l'armement organisé la production d'armes et de munitions avec une efficacité redoutable n'hésitant pas mettre en œuvre le travail forcé des prisonniers de guerre, de ceux des camps de concentration et des recrues du travail obligatoire. Ce livre lucide ne cherche ni justifier ni amoindrir la responsabilité de l'auteur qui affirme : Je n'ai pas seulement voulu raconter mais aussi comprendre. Rapportant le nazisme, une perversion de la logique technique de notre époque, il nous livre aussi une interrogation sur l'énigme de l'aveuglement et de la servitude volontaire. La préface inédite de Edouard Husson situe ce livre dans le travail de mémoire de l'historiographie allemande et en souligne la singularité.

Mon séjour chez les nazis
Géraud Jouve, 2023-05-17
D'octobre 1937 Géraud Jouve arrive à Berlin pour prendre la tête de la prestigieuse agence de presse Havas. Pendant deux ans, il observe la dictature nationale socialiste de l'intérieur jusqu'au moment où il est contraint de quitter le pays quand la Guerre mondiale éclate. Dans *Mon séjour chez les nazis*, publié en 1941, il couche sur le papier ses impressions sur le Troisième Reich. Il peint non seulement une galerie de portraits des plus hauts dirigeants du régime qu'il a côtoyés, mais il livre également une analyse des rouages de la terreur brune. Ce témoignage est empreint de la finesse d'un observateur hors pair comme de certaines illustrations propres à l'époque. Il montre comment la vigilance est toujours de mise face à l'émergence d'un régime qui avait su à l'époque fasciner et séduire une partie des observateurs occidentaux pris dans le faisceau de la nouveauté et le tumulte de la modernité.
