Examining the IRS Response to the Targeting Scandal United States. Congress. House. Committee on Oversight and Government Reform, 2014 *The Punjab Record*, 1884 **The Punjab Record**, 1884 **Commerce** YCT Expert Team, 2022 23 TGT PGT LT Grade Commerce Chapter wise Solved Papers *War of Intervention in Angola* Adrien Fontanellaz, José Matos, Tom Cooper, 2020-11-23 War of Intervention in Angola Volume 3 covers the air warfare during the II Angolan War fought 1975 1992 through narrating the emergence and operational history of the Angolan Air Force and Air Defence Force FAPA DAA as told by Angolan and Cuban sources Most accounts of this conflict better known in the West as the Border War or the Bush War as named by its South African participants tend to find the operations by the FAPA DAA barely worth mentioning A handful of published histories mention two of its MiG 21s claimed as shot down by Dassault Mirage F 1 interceptors of the South African Air Force SAAF in 1981 and 1982 and at least something about the activities of its MiG 23 interceptors during the battles of the 1987 1988 period On

the contrary the story told by Angolan and Cuban sources not only reveals an entirely different image of the air war over Angola of the 1980s indeed it reveals to what degree this conflict was dictated by the availability or the lack of air power and shows that precisely this issue dictated the way that the commanders of the Cuban contingents deployed to the country whether as advisors or as combat troops planned and conducted their operations It is thus little surprising that the first contingent of Cuban troops deployed to Angola during Operation Carlota in late 1975 included a sizeable group of pilots and ground personnel who subsequently helped build up the FAPA DAA from virtually nothing They continued that work over the following 14 years sometimes in cooperation of Soviet advisors and others from East European countries eventually establishing an air force that by 1988 maintained what South African military intelligence and the media subsequently described as the most advanced air defense system in Africa Not only the air defense system in question but also the aircraft serving as its extended arms ultimately managed a unique feat in contemporary military history they enabled an air force equipped with Soviet made aircraft and trained along the Soviet doctrine to establish at least a semblance of aerial superiority over an air force equipped with Western made aircraft and operating under a Western doctrine Based on extensive research with help of Angolan and Cuban sources the War of Intervention in Angola Volume 3 traces the military build up of the FAPA DAA in the period 1975 1992 its capabilities and its intentions Moreover it provides a unique blow by blow account of its combat operations and experiences The volume is illustrated with 100 rare photographs half a dozen maps and 15 color profiles thus providing a unique source of reference on this topic
