Wade** Thomas W. Hilgers, 2020-08-20 Our schools and healthcare institutions have abandoned the Hippocratic Oath and the Declaration of Geneva and replaced it with a policy of lethalism This is a direct result of the Court s acceptance and promotion of archaic scientific reasoning Roe v Wade that at best would be considered pre medieval and clearly out of touch with scientific reality Fallout includes the expansion into fetal experimentation human cloning embryonic stem cell research infanticide and even physician assisted suicide programs The respect for life ethic has slowly been removed as the Supreme Court has so strongly supported the lethalism becomes a way of life ethic Especially interesting is the lack of support for any positive solutions to these issues The recognition is that life at all stages in the womb is precious and able to make extraordinary contributions to our ability to love and to be loved to bring about peace and to be at peace to extract love in ways that only a very young and precious life is able to extract and to express love in ways that can be boundlessly meaningful As we move to reestablish the human right to live we must also move beyond lethalism and install positive life affirming and meaningful solutions to real human problems God bless us all as we move in this direction **SIYA** LSVIV25, This is the story of Siya Parker an 18 year old simple and innocent girl who is in love with Andrew Williams But fate has something else in store for her when she is forced to marry a 38 year old arrogant actor David King who loves and lives just for his only daughter Amanda King Will Siya become the Queen of his heart or will she be heartbroken Hoard's Dairyman ,1898 *Consumer Protection and Patient Safety Issues Involving Bogus Abortion Clinics* United States.
