Education

What you need a good education to succeed in life?

This quote may be familiar to many, showing how important for one to build a bright future and attain success in life. With a traditional education one gets the highest the pay and the better the standard of living. In modern society, this statement may not hold entirely true especially with the advent of an extensive social platform and many other unconventional ways that do not require an education to achieve success in life. Below we will discuss how education can help in third world countries to break the vicious cycle of poverty and education might not be that necessary.

Arts

"The appreciation of the arts makes us human." Do you agree?

Humans are the only beings capable of expressing free will and creativity, and are the only ones with the ability to create from imagination alone. Though some may dismiss the appreciation of the arts as a frivolous pastime or an exclusive activity within the confines of the artistic community, it is what makes us human as it celebrates the human ingenuity to create. The appreciation of the arts allows us to reflect on the human condition as it celebrates the human ingenuity to create. The appreciation of the arts allows us to reflect on the human condition as it celebrates the human ingenuity to create. The appreciation of the arts allows us to reflect on the human condition as it celebrates the human ingenuity to create.
