Sri Lanka Education Sector

Assessment Halil Dundar,Benoit Millot,Michelle Riboud,Mari Shojo,Harsha Aturupane,Sangeeta Goyal,Dhushyanth Raju,2017-06-16 A country's education system plays a pivotal role in promoting economic growth and shared prosperity Sri Lanka has enjoyed high school attainment and enrollment rates for several decades However it still faces major challenges in the education sector and these challenges undermine the country's inclusive growth goal and its ambition to become a competitive upper middle income country The authors of Sri Lanka Education Sector Assessment Achievements Challenges and Policy Options offer a thorough review of Sri Lanka's education sector from early childhood education through higher education With this book they attempt to answer three questions How is Sri Lanka's education system performing especially with respect to participation rates learning outcomes and labor market outcomes How can the country address the challenges at each stage of the education process taking into account both country and international experience and also best practices Which policy actions should Sri Lanka make a priority for the short and medium term The authors identify the most critical constraints on performance and present strategic priorities and policy options to address them To attain inclusive growth and become globally competitive Sri Lanka needs to embark on integrated reforms across all levels of education These reforms must address both short term skill shortages and long term productivity As Sri Lanka moves up the development ladder the priorities of primary secondary and postsecondary education must be aligned to meet the increasingly complex education and skill requirements

Building the Anti-Racist University Shirley Anne Tate,Paul Bagguley,2018-12-18 In the new arena for anti racist work in which we find ourselves the neo liberal post race university this interdisciplinary collection demonstrates common global political concerns about racism in Higher Education It highlights a range of issues regarding students academic staff and knowledge systems and all of the contributions seek to challenge the complacency of the post race present that is dominant in North West Europe and North America Brazil's mythical racial democracy and South Africa's post apartheid rainbow nation The collection makes clear that we are not yet past the need for anti racist institutional action because of the continuing impact of coloniality on and in these nations From within the colonial psyche which still exists in the 21st century these nations actively deracinate politics subjectivities political economy and affective relationalities when they re imagine themselves to be post race states where all citizens can have a share in the good life because now only class matters Universities have also taken on the mantle of upholding societal post race status through ineffective equality and diversity policies and strategies The collection makes the case for the urgent need to decolonize the university in post race neoliberal times through a focus on institutional racism in HEIs in Canada Brazil South Africa the UK and the USA As such it addresses institutional whiteness the transformation of organizational cultures the presence and experiences of Black people

People of Colour and Indigenous people in HEIs the development of curriculum interventions widening participation and organizational change and future directions for racial equality and diversity in a post race era This book was originally published as a special issue of Race Ethnicity and Education *Education, Skills, and Technical Change* Charles R.
