Employment and Vulnerabilities in the World of Orchestral Musicians: Symphonic Metamorphoses Heather Kurzbauer, 2023-10-25 The state subsidies and philanthropy that traditionally allowed orchestras to flourish have greatly diminished in the wake of recent financial crises and the COVID 19 pandemic As in other fields affected by the precarious labor arrangements prevalent in the world of work today it is the employees and freelancers in this case the musicians themselves who suffer most In this deeply knowledgeable and provocative book a highly acclaimed scholar who combines the roles of law professor music journalist and orchestral violinist presents the first major legal study to focus on labor relations and the institutional dynamics at play within orchestras Drawing on personal interviews with more than 250 orchestral musicians and other stakeholders whose testimonies and actions often stand in contradiction to narratives provided by cultural economists and government cultural policymakers the author uncovers the deteriorating welfare of musicians in two countries the United States and the Netherlands in which she has considerable practical orchestral experience The methodology will reverberate with great intensity to musicians worldwide with its novel system of movements that focus on different vulnerabilities besetting orchestral players to highlight such issues and topics as orchestra financing with a special focus on the nonprofit sector and the changing nature of state subsidies in Europe the impact of the perception of orchestras as elitist and of limited social value discriminatory practices in auditions and hiring legal and practical relevance of contemporary questions of employee categorization regularly employed self employed false self employed and how fair practice codes and collective bargaining agreements can be designed implemented and enforced An interdisciplinary approach to a multiplicity of vulnerabilities in the sector the study incorporates economic historical and legal research along with a consideration of sociological factors Case studies from the EU Court of Justice the Dutch Supreme Court the Supreme Court of the United States and the U S National Labor Relations Board offer practical insight into specific legal issues including the fundamental question of how musician employees are differentiated from freelancers Reflecting on the cutbacks and compromises that traumatize orchestral negotiations in today s musical world the book not only provides orchestral musicians with a wealth of useful information and suggestions for future action but also adds to the growing body of legal literature on the self limitations of labor law and the increasing vulnerability of workers Practitioners in labor and employment law as well as academics in the field will benefit from a powerful analysis of workers vulnerabilities in today s labor market

The Look of the Book Peter Mendelsund, David J. Alworth, 2020-10-06 Why do some book covers instantly grab your attention while others never get a second glance Fusing word and image as well as design thinking and literary criticism this captivating investigation goes behind the scenes of the cover design process to answer this question and more NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW As the outward face of the text the book cover makes an all important first impression The Look of the Book examines art at the edges of literature

through notable covers and the stories behind them galleries of the many different jackets of bestselling books an overview of book cover trends throughout history and insights from dozens of literary and design luminaries Co authored by celebrated designer and creative director Peter Mendelsund and scholar David Alworth this fascinating collaboration featuring hundreds of covers challenges our notions of what a book cover can and should be Reporting from the Wars 1850 - 2015 Barry Turner, Daniel Barredo Ibáñez, Steven James Grattan, 2019-07-05 From the foundations of the world's first great empires to the empires of today war has preoccupied human civilisation for as many as 4000 years It has fascinated horrified thrilled confused inspired and disgusted mankind since records began Provoking such a huge range of emotions and reactions and fulfilling all the elements of newsworthiness it is hardly surprising that war makes good news Modern technological advancements such as the camera and television brought the brutality of war into the homes and daily lives of the public No longer a far away and out of sight affair the public's ability to see what was happening on the frontline changed not only how wars were fought but why they were fought Even when a war is considered popular the involvement of the press and the weight of public opinion has led to criticisms that have transformed modern warfare almost in equal measure to the changes brought about by weapon technology War reporting seeks to look beyond the official story to understand the very nature of conflict whilst acknowledging that it is no longer simply good versus evil This edited volume presents a unique insight into the work of the war correspondent and battlefield photographer from the earliest days of modern war reporting to the present It reveals how influenced by the changing face of modern warfare the work of the war correspondent has been significantly altered in style method and practice By combining historical analysis with experiences of modern day war reporting this book provides an important contribution to the understanding of this complicated profession which will be of interest to journalists academics and students alike *Real Life in Real Time* Johanna Brewer, Bo Ruberg, Amanda L.
