encompasses everyone from Jerry Garcia to Rush Limbaugh every place from New Hampshire to Nicaragua and everything from Playboy vs Penthouse to Bush vs Gore Hendrik Hertzberg breaks down American politics into its component parts campaigns debates rhetoric the media wars cultural countercultural and real high crimes and misdemeanors the right and more Each section begins with a new piece of writing framing the subject at hand and contains the choicest most illuminating pieces from his body of work Politics is a tour of the defining moments of American life from the mid 60s till the mid 00s a ride through recent American history with one of the most insightful and engaging guides imaginable a writer who consistently makes us see more clearly and feel more deeply Politics is invaluable for all sorts of reasons chief among them being decades of elegant writing in the service of surgical intelligence Toni Morrison *A Savage Republic* Michael Savage, 2023-11-14 From New York Times Bestselling Author and Host of the Michael Savage Podcast A Warning to All Freedom Loving Americans Michael Savage predicted the chaos that is Biden's legacy Now he tells us whether the destruction can be stopped The prophetic author of bestsellers including Stop Mass Hysteria A Savage Life and Our Fight for America Dr Michael Savage is back with his most urgent and important work Listeners of Dr Savage's top rated podcast The Michael Savage Show podcast know him to be an articulate and engaged spokesman for traditional American values of borders language and culture Now after just a few short years of the Biden Gang Dr Savage lays out an irrefutable case for how our nation has been undermined by adversaries from without by anarchists from within by an incompetent president and politicians with contempt for the Constitution and the law and by a complicit liberal media With words and topics that are as insightful as they are timely he makes an ironclad case for the dangers we face from the Biden administration and the progressive movement He also explains what the conservative movement must do to regain control of our government our country and our national soul Your rights are under attack from the Biden administration the Democrats and the radical left wing socialists who are infiltrating every aspect of American life Michael Savage covers all the dangerous hot topics currently engulfing United States politics and threatening the American way of life cancel culture out of control immigration business destroying lockdowns crime gone crazy silencing of free speech threats to freedom of religion and much much more A Savage Republic Inside the Plot to Destroy America will lay out the threats we face prepare you for what's next and offer solutions to save our republic Wake up and fight back before it is too late [African American Women in the News](#) Marian Meyers, 2013-07-24 African American Women in the News offers the first in depth examination of the varied representations of Black women in American journalism from analyses of coverage of domestic abuse and crack mothers to exploration of new media coverage of Michelle Obama on Youtube Marian Meyers interrogates the complex and often contradictory images of African American women in news media through detailed studies of national and local news the mainstream and Black press and traditional news outlets as well as newer digital platforms She argues that previous studies of African Americans and the news have largely ignored the representations of women as distinct from men and the ways in which socioeconomic

class can be a determining factor in how Black women are portrayed in the news Meyers also proposes that a pattern of paternalistic racism as distinct from the modern racism found in previous studies of news coverage of African Americans is more likely to characterize the media's treatment of African American women Drawing on critical cultural studies and black feminist theory concerning representation and the intersectionality of gender race and class Meyers goes beyond the cultural myths and stereotypes of African American women to provide an updated portrayal of Black women today African American Women in the News is ideal for courses on African American studies American studies journalism studies media studies sociology studies women's studies and for professional journalists and students of journalism who seek to improve the diversity and sensitivity of their journalistic practice

Huckabee,2015-01-20 The New York Times bestseller from the conservative commentator and 2016 presidential candidate In God Guns Grits and Gravy Mike Huckabee explores today's fractious American culture where divisions of class race politics religion gender age and other fault lines make polite conversation dicey if not downright dangerous As Huckabee notes the differences between the Bubble villes of the big power centers and the Bubba villes where most people live are profound provocative and sometimes pretty funny Here Huckabee takes on government bailouts politician pig outs and popular culture provocations from Jay Z and Beyonc to Honey Boo Boo and Duck Dynasty The former Arkansas Governor also discusses gun rights gay marriage the decline of patriotism and the mainstream media's contempt for those who cherish a faith based life The trouble with Democrats the even bigger trouble with Republicans our national security complex and how our Constitution is eroding under our noses

The Case Against the Establishment Nick Adams,Dave Erickson,Pete

Hegseth,2017-10-17 In the era of Donald J Trump 45th president of the United States a modern day civil war rages Led by elitists from Hollywood to New York the Establishment has launched an unprecedented onslaught of hate and hypocrisy

single minded of purpose to destroy President Trump s efforts to make America great again We see it every day From riots and faux outrage to attacks on conservative voices to condescending Hollywood awards show speeches to sports broadcasts pushing Establishment propaganda to college campuses where free speech is violently shut down by anti freedom activists professors indoctrinate instead of educate and safe spaces coddle the entitled to the peddling of fake news With searing wit The Case Against the Establishment reveals the hypocrisy of the Establishment and how it has infiltrated every facet of life pop culture schools the news media social media even public bathrooms as it seeks to mold America into a bastion of socialism annihilate the Trump agenda and crush everything that makes America great Politically Incorrect Guide to Climate Change Marc Morano,2018-02-26 Updated to include new section on the Green New Deal The climate scare ends with this book SEAN HANNITY This book arms every citizen with a comprehensive dossier on just how science economics and politics have been distorted and corrupted in the name of saving the planet MARK LEVIN Less freedom More regulation Higher costs Make no mistake those are the surefire consequences of the modern global warming campaign waged by political and cultural elites who have long ago abandoned fact based science for dramatic fearmongering in order to push increased central planning The Politically Incorrect Guide to Climate Change gives a voice backed by statistics real life stories and incontrovertible evidence to the millions of deplorable Americans skeptical about the multibillion dollar climate change complex whose claims have time and time again been proven wrong A Conservative's Point of View Bryan H. Lamb,2022-02-03 Do you ever wonder why things never seem to change in Washington DC no matter which political party is in power Is it because both political parties are working together to achieve their goals instead of working to restore America to the great country she was not so long ago In this book the author examines some topics from a proud Conservative side If you love America and want to read a book that points out some of the hypocrisies we are told on a regular basis this book is for you It is a patriotic reminder of who we are as a people The Liberal Progressives in both political parties along with the Liberal media are trying to change our core beliefs on a daily basis Our politicians are not really worried about the financial cliff they have brought us to today In this book I try to point out little known reported facts and also offer my Conservative opinions on several different subjects I try to get people to realize how close we are to being ruled instead of governed It is incumbent on We the People to do our Constitutional duty and stay aware of what those fools on the Hill are doing to us so to speak I point out things about both Republican and Democrats so I am an equal opportunity offender Neither political party cares about us and until more fellow citizens wake up we will keep having the kind of government indifference and apathy elects Liars, Leakers, and Liberals Jeanine Pirro,2018-07-17 Get the story the Fake News media doesn t want you to hear in the 1 New York Times bestseller a withering indictment of the Deep State plot against Trump and a firsthand account of the real presidency based on interviews with the Trump family and top administration officials At this point in American history we are the victims of a liberal sabotage of the presidency unlike anything we ve ever witnessed Nevertheless

President Trump continues to fight every day to keep his promise to Make America Great Again Today that bold idea has already led to a conservative judge on the Supreme Court tax reform and deregulation that has unleashed an economy stronger than anyone could have imagined But there are dark forces that seek to obstruct and undermine the president and reverse the results of the 2016 presidential election They are part of a wide ranging conspiracy that would seem incredible if it weren't being perpetrated openly Driven by ambition blinded by greed and bound by a common goal to unseat the 45th President of the United States this cabal is determined to maintain its wrongful hold on national political power Fox News host Jeanine Pirro uncovers the elements of this conspiracy including Fake news propaganda Law enforcement corruption at the highest levels National security leaks by the intelligence community Bureaucratic resistance to lawful and constitutional executive orders issued by the duly elected president Crooked deals with foreign governments by U S officials sworn to defend our Constitution It's about time the American public knows the truth about the plot to bring down the Trump presidency By the time you've finished this book you'll agree with Judge Pirro that the only way to stop these hoodlums is to Take Them Out in Cuffs

Liberty Rises Chris Salcedo, 2014-06-04 What happens to America if we continue down the road we are on *Liberty Rises* explores that horrifying possibility Jack Vega has given everything to the United States He's served in its military with honor started a successful business and provided the U S with a strategic military advantage that guarantees American dominance But there's a problem In this future America is no longer governed by men and women of good conscience Instead the government has become a mindless police state The notions of individual liberty and freedom are now foreign And the government uses its enormous power to squash the human spirit impose collectivist thought and diminished economic and civil freedoms Ever the optimist Vega and his family and friends look to the ancient past to rekindle the fire that built the greatest nation in human history In so doing they discover a way to keep the light of freedom alive for the entire world Realizing that dream will be no easy task Jack must fight the elements time and the government he once swore to protect The reviews are in I cannot stress enough how much I enjoyed this book I read roughly 50 to 60 books a year mostly non-fiction but sometimes I need a break and mix in some fiction This was by far one of the best fiction books I've read in my life Sort of an Ayn Rand Atlas Shrugged theme mixed with modern day scenarios mixed with science fiction That combination makes for a truly fun and entertaining read Robert Stifler This book should be required reading for every out of touch liberal It is fiction and we should all hope that the opening chapters remain so This book would make a really good movie Dorothy Cronin Mr Salcedo did a fine job keeping me entertained in a fun story that for a time allowed me to escape the oppression that progressive government is working so diligently to implement I would encourage the author to consider a sequel Lone Star Girl
