Truth and Repair Judith Lewis Herman, 2023-03-14 From one of America's most influential psychiatrists an extraordinary and profound New York Times manifesto for reimagining justice for survivors of sexual trauma The MeToo movement brought worldwide attention to sexual violence but while the media focused on the fates of a few notorious predators who were put on trial we heard far less about the outcomes of those trials for the survivors of their abuse The conventional retributive process fails to serve most survivors it was never designed for them Renowned trauma expert Judith L Herman argues that the first step toward a better form of justice is simply to ask survivors what would make things as right as possible for them In Truth and Repair she commits the radical act of listening to survivors Recounting their stories she offers an alternative vision of justice as healing for survivors and their communities Deeply researched and compassionately told Truth and Repair envisions a new path to justice for all

Apocalypse Against Empire Anatheia Portier-Young,2014-01-09 The year 167 B C E marked the beginning of a period of intense persecution for the people of Judea as Seleucid emperor Antiochus IV Epiphanes attempted forcibly and brutally to eradicate traditional Jewish religious practices In *Apocalypse against Empire* Anatheia Portier Young reconstructs the historical events and key players in this traumatic episode in Jewish history and provides a sophisticated treatment of resistance in early Judaism Building on a solid contextual foundation Portier Young argues that the first Jewish apocalypses emerged as a literature of resistance to Hellenistic imperial rule In particular Portier Young contends the book of Daniel the *Apocalypse of Weeks* and the *Book of Dreams* were written to supply an oppressed people with a potent antidote to the destructive propaganda of the empire renewing their faith in the God of the covenant and answering state terror with radical visions of hope

God and the Victim Jennifer Erin Beste,2007-09-28 Christian tradition holds that an individual s ability to respond to God s graceto love both God and neighboris not wholly vulnerable to earthly contingencies such as victimization Today however trauma theory insists that situations of overwhelming violence can permanently damage a person s capacity for responsive agency For Christians this theory raises the very troubling possibility that humans can inflict ultimate harm on each other such that some individuals eternal destiny can be determined not by themselves but by those who do great harm Offering crucial insights that lead to a more adequate understanding of the relation between Gods grace and human freedom Bestes important theory reconfigures our visions of God and humanity and alters our perceptions of what it means to truly love ones neighbor
