Kariera Nikodema Dyzmy Polish Edition English Edition:

The Hidden Isaac Bashevis Singer Seth L. Wolitz, 2013-12-06 Nobel Prize winning author Isaac Bashevis Singer stands virtually alone among prominent writers for being more widely known through translations of his work than through the original texts Yet readers and critics of the Yiddish originals have long pointed out that the English versions are generally shortened often shorn of much description and religious matter and their perspectives and denouements are significantly altered In short they turn the Yiddish author into a Jewish American English writer detached from of his Eastern European Jewish literary and cultural roots By contrast this collection of essays by leading Yiddish scholars seeks to recover the authentic voice and vision of the writer known to his Yiddish readers as Yitskhok Bashevis The essays are grouped around four themes The Yiddish language and the Yiddish cultural experience in Bashevis s writings Thematic approaches to the study of Bashevis s literature Bashevis s interface with other times and cultures Interpretations of Bashevis s autobiographical writings A special feature of this volume is the inclusion of Joseph Sherman s new faithful translation of a chapter from Bashevis s Yiddish underworld novel *Yarme and Keyle* *The Polish Review* ,2004 *The Career of Nicodemus Dyzma* Tadeusz Dolega-Mostowicz, 2020-09-15 Winner of the 2021 Found in Translation Award First published in Polish in 1932 *The Career of Nicodemus Dyzma* was Tadeusz Do ga Mostowicz s breakout novel *Dyzma* is an unemployed clerk who crashes a swanky party where he makes an offhand crass remark that sets him on a new course Soon high society from government ministers to drug fueled aristocrats wants a piece of him As *Dyzma* s status grows his vulgarity is interpreted as authenticity and strength He is unable to comprehend complicated political matters but his cryptic responses are celebrated as wise introspection His willingness to do anything to hold on to power flip flopping on political positions inventing xenophobic plots even having enemies assaulted only leads to greater success Do ga Mostowicz wrote his novel in a newly independent Poland rampant with political corruption and populist pandering Jerzy Kosinski borrowed heavily from the novel when he wrote *Being There* and readers of both books will recognize similarities between their plots This biting political satire by turns hilarious and disturbing contemptuous and sympathetic is an indictment of a system in which money and connections matter above all else bluster and ignorance are valorized and a deeply incompetent man rises to the highest spheres of government *The Polish American Encyclopedia* James S. Pula, 2010-12-22 At least nine million Americans trace their roots to Poland and Polish Americans have contributed greatly to American history and society During the largest period of immigration to the United States between 1870 and 1920 more Poles came to the United States than any other national group except Italians Additional large scale Polish migration occurred in the wake of World War II and during the period of Solidarity s rise to prominence This encyclopedia features three types of entries thematic essays topical entries and biographical profiles The essays synthesize existing work to provide interpretations of and insight into important aspects of the Polish American experience The topical entries discuss in detail specific places events or organizations such as the Polish

National Alliance Polish American Saturday Schools and the Latimer Massacre among others The biographical entries identify Polish Americans who have made significant contributions at the regional or national level either to the history and culture of the United States or to the development of American Polonia

Being There in the Age of Trump Barbara Tapa Lupack, 2020-08-20 Jerzy Kosinski's *Being There* published in 1970 and adapted to film in 1979 was prescient in its vision of a simple man without discernible talent or political experience whose knowledge of the world comes almost exclusively from television Yet his very shallowness establishes him as a TV celebrity and propels him to the pinnacle of American government Both an incisive satire and a clarion call to resist the collectivizing force of the media that influences American life and shapes distorts and ultimately corrupts politics and culture *Being There* offered a trenchant comment on the nature of being in the modern world of power And it critiqued the tendency of Americans to seek mindless distraction rather than engagement and to find profundity in banal slogans and slick visuals Issued a half century ago Kosinski's warning not to let hollow imagery trump our good sense and become our new reality is even more urgent today The first book length examination of Kosinski in more than a decade *Being There in the Age of Trump* goes beyond conventional literary and film analysis to a larger interdisciplinary and cultural study of a work still timely and popular Poland, 1966

The Origins of Anti-Authoritarianism Nina Witoszek, 2018-10-31 This book discusses the ongoing revolution of dignity in human history as the work of humanist outliers small groups and individuals dedicated to compassionate social emancipation It argues that anti authoritarian revolutions like 1989's Autumn of the Nations succeeded in large part due to cultural and political innovations springing from such small groups The author explores the often ingenious ways in which these maladapted and liminal outliers forged a cooperative and dialogic mindset among previously resentful and divided communities Their strategies warrant closer scrutiny in the context of the ongoing 21st century revolution of dignity and efforts to reunite an ever more troubled and divided world The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
